## \$1,500,000 Federal Grant Ok'd For Sewers

GC Receives Approval  
Today at Washington;  
Must Match Fund

Granite City's application for a grant of \$1,500,000 federal tax funds for sanitary and storm water sewer construction was approved this morning, it was announced at Washington by Cong. Melvin Price.

Mayor Partney was advised of the approval this morning and immediately notified the members of the council's Special Sewer Committee, asking them to proceed at once to prepare a detailed plan for obtaining the required matching fund locally.

The first step, which may be taken at next Monday night's council session, will be the appointment of citizen group to aid the council in promoting the program which will provide sanitary sewers in areas now not served and with a start on the separation of sanitary sewage and storm water from the city's presently overtaxed combined sewer system.

Granite City park district's water line problem which has been plaguing the ice rink and recreation center work is resolved.

A solution was worked out Tuesday night in a meeting between a utility official and the park commissioners.

Work on relocating the water line that cut across the project site in Wilson Park is expected to begin early next week.

Cost of the work is to be shared 50-50. This will mean an expenditure of another \$1000 for the park district; half of the estimated relocation costs. Additionally, the commissioners expect to pay another \$1000 for lines connecting the facility to the new water main.

## Relocation Means Additional Costs Park-Utility Agreement Ends Water Line Problem

Must Match Fund  
Mayor Partney said he was well pleased with the announcement from Price's office. Actual receipt of the funds will depend on Granite City's ability to match the \$1,500,000 with a local bond issue.

Cong. Price said the money now is available to the city subject to final review and approval of the plans for construction submitted to the Housing and Urban Development agency by the city.

Partney noted, "Granite City is one of the first—if not the first—cities to qualify for the grant of federal tax funds being made available in a five-state region."

"It means that we'll be able to construct sanitary sewers for the entire North Granite area and also to build sanitary lines and sections of West Granite and along the areas of Washabew avenue."

## GC Clean Air Board Requests City Hall Office

Granite City's Air Pollution Control Board voted tonight to ask the city council to establish a full-time office in the city hall with an electronic, automatic answering telephone to handle all the city's air pollution complaints.

The board also is preparing detailed qualifications for hiring a full-time technical secretary and for a second employee, a field inspector, subject to city council approval.

The board, headed by Thomas Baker, has no office and holds its meetings in the mayor's conference room.

## GC Man's Chickens Lay Colored Easter Eggs

Would you believe that chickens lay Easter eggs? Say "no" and you're in for quite a surprise, because James Keeton of 2706 West 20th street raises Araucanas, the "Easter egg chickens" which lay eggs with different colors and tints.

Keeton, who has been employed for 19 years as a locomotive engineer by the Granite City Steel Co., undertakes this unique hobby this year when he purchased five Araucanas eggs from a hatchery in Fort Dodge, Iowa.

Now, after only five months of maturity, these young pullets are laying a new egg every other day.

Blue, Green, Brown, Red, Keeton said, "This unique breed is the only domestic chicken to lay blue, green, olive green and brown eggs varying in varying shades from pink to red. He noted that each of his five 'Easter egg chickens' varies in color, 'one is blue and shape—one with a gray beard,' one hen without tail feathers (rumpless), and the other resembling much like the Rhode Island Red.

They also have fluffy and bright red combs and differ in color, some being white, black or off-shades of brown. Chickens record the protein content of the Araucana eggs to be 56.6 percent, while the protein of white and brown eggs show 48.2 percent. extremely high nutritional value coo.

## Route 155 Grading Contract In October

ITR Overpass at Smith  
Plant Also Due for Bids;  
Paving in Early 1968

(Picture on page 4)

A bid letting for grading work on Federal Aid Route 155 (The Great River Road) may possibly take place in September or October for the section through Granite City and west of the A. O. Smith Corp. plant.

Robert Kronst, district highway engineer, told the Press-Record yesterday that the contract letting could be undertaken next month, but was more likely in October.

The grading, which would take about a year to complete before actual paving of the dual, limited-access highway could be started, would extend from the point a mile north of West Ponton road, where the dual pavement ends, south to Ringhaus avenue at the Army Depot gate—a distance of about four miles.

## 50 Local Men to be Drafted Next Month

Area's Largest Quota  
In Recent Years Will  
Include Married Men

The Quad-Cities' largest draft quota in years has been set for September when 50 young men will be called for Army induction on Sept. 30. Another 100 local youths will undergo pre-draft physical examinations.

A spokesman for the county selective service board at Edwardsville said that the quota was set because of the area's large number of married men who were tracked to run west alongside the A. O. Smith Corp. plant to the Quad-Cities area.

"There will be an Illinois Commerce Commission hearing on the matter, but all is in readiness and the bid letting for the overpass also should be in October," the district highway engineer said.

## Rainfall Plentiful So Far This Month

With August only 11 days old, the Quad-Cities area already has had the benefit of more than half the normal rainfall for the month and is looking forward to more.

In 11 days, 1.93-inch has been recorded at the gauge on the canal locks west. The normal amount for August is 3.02 inches.

This month's precipitation includes .39 inch this week and 1.34 inch recorded on Aug. 2.

## School Tax Rate In GC Expected To Jump 31 Cents

1966-67 Budget Totals  
\$8,886,687 with Boost  
In Educational Fund

An estimated increase of 31.8 cents per \$100 valuation in the 1966 tax rate of the Granite City school district was predicted Monday night as school board members gave a tentative approval to a 1966-67 operating budget of \$8,886,687.

The budget and appropriation is \$786,902 higher than last year's figure of \$8,099,785, with almost all of the increase in the educational fund.

Budget computations presented to the school board by School Supt. Russell D. Johnson indicate an estimated total tax rate of \$2.786 next year based on an estimated \$194,500,000 valuation of \$191,852,589.

The district's current rate is \$2.468, extended on a 1965 valuation of \$191,852,589.

The board approved a series of tax rate adjustments clearing the way for final budget adoption in a public hearing at the school board offices Monday night, Sept. 12.

## MORE ABOUT School Tax Rate

The building fund budget dropped \$109,337 below last year's appropriation.

The rate for the bond and interest fund is expected to change slightly from the 1965 rate of 35.86 cents to 35.28 cents, but the new rate for the transportation fund is expected to increase from 1.97 cents last year to 7.21 cents this year. Last year's municipal retirement fund rate of 5.55 cents is expected to increase almost one cent to 6.46 cents.

Johnson pointed out that the estimated tax rate for 1966 is based on an estimated valuation. Therefore the anticipated rates would change accordingly if there is any substantial change in the valuation figure, he explained.

The educational fund reflects salary increases in all operational phases. In the appropriation for the administration account, totaling \$200,900, administration salaries are budgeted at \$103,860 compared to \$75,596 last year. Secretarial salaries are budgeted at \$65,500 compared to \$57,500 last year.

Major budgeted items of the instruction account—the largest part of the educational fund appropriation, totaling \$5,229,200 in the new budget—includes higher salary figures in all categories. These items, compared to those of a year ago, include:

**Salaries Boosted**  
Principals' salaries, \$273,000 (\$237,500); consultants or supervisors, \$72,538 (\$66,000); teachers—elementary, \$2,350,000 (\$2,162,000); teachers—secondary, \$850,000 (\$811,000); teachers—divided time, \$1,000,000 (\$914,000); other instructional staff, \$150,604 (\$129,000); secretarial and clerical, \$112,770 (\$87,500). The total instruction account is an increase of \$593,316 over the total of \$4,542,884 for the 1965-66 year.

The educational fund operation account totals \$688,538 compared to \$658,200 last year. It includes salaries of \$332,500 for custodians compared to \$473,000 last year. Other major items of the operation account include electricity and gas, \$86,000 compared to \$76,500 last year. The heating account, \$46,000 last year, was transferred to the building fund and is not included in this year's operational costs.

Totals in other accounts of the educational fund, with comparisons, include: attendance, \$600 (\$500); health, \$74,586 (\$53,700); maintenance, \$25,750 (\$23,700); fixed charges, \$70,945 (\$58,500); adult education, \$62,900 (\$51,250); summer school, \$71,200 (\$57,500); athletic program, \$55,035 (\$43,740); textbooks for sale or resale, \$43,200 (\$40,500); lunch program, \$643,350 (\$558,275); capital outlay, \$88,838 (\$120,825); contingencies, \$179,000 (\$120,000). Total, \$7,444,329 (\$6,880,564).

The budget for the building fund totals \$465,838 compared to \$375,175 last year, a \$109,337 reduction despite the fact that an item of \$100,000 is appropriated for new buildings. The figure for this item was \$15,000 last year. The item for remodeling, however, was cut from \$148,780 last year to \$116,920 in the new budget.

Salaries in the operation account of the building fund were

The infants, who weighed about two pounds each, were born prematurely and have been placed in an incubator. Mr. and Mrs. Dodds have two other sons, Jeffrey Kent, three

set at \$10,872, a reduction below last year's figure. In the maintenance account, salaries were budgeted at \$69,200, compared to \$62,770 last year. The sum of \$60,800 budgeted last year for Title I, Project II was eliminated entirely this year.

Accounts of the building fund, with comparisons:  
Operation, \$39,472 (\$16,250); maintenance, \$115,892 (\$89,735); fixed charges, \$23,860 (\$20,500); capital outlay, \$236,920 (\$411,180); additional equipment, \$8390 (\$5000); replacement equipment for operation, \$1000 (\$1210); contingencies, \$20,000.

The bond and interest fund was budgeted at \$104,920 for interest, \$1500 for service charge and \$457,000 for retirement of bond principal. Last year's appropriations were \$205,885 for interest, \$1000 for service charge and \$445,900 for principal.

Transportation fund expenditures are budgeted at \$197,800, compared to \$179,200 a year ago, for transportation of students to and from classes, to athletic events, field trips, special education programs and special events.

Interest charges of \$1000 for anticipation warrants and a contingency fund of \$200 in this account brings the total transportation fund budget to \$203,000. Last year it was \$188,100.

Appropriation for the municipal retirement fund is fixed at \$128,500, compared to \$101,300 last year.

**PROMOTION** of Robert Ward (right), Rural Route One, to master sergeant was made official Monday at the St. Louis office of the U. S. Army Aviation Materiel Command. No Complaints  
"I've had no complaints so far," Keeton said. "In fact, quite a few visitors have been stopping by the house wanting to see the chickens and the colored eggs."

In the latter part of the 1966 fall he intends to butcher a few of the chickens for evening meals, but will once again build up his henhouse number by purchasing several other breeds which he has never seen before.

His wife, Luena, he said, "doesn't mind the chickens as much as I do, but she did the most work back during the winter time in helping me to pick out the chickens that we have now."

His daughters, Ruth Ann, 6, and Luena, 7, keep him busy with questions typical of youth and inquiring minds. However, they do help him feed the chickens and probably have a lot to talk about when they're with their friends.

The Keetons have also grown two dwarf trees which bear apples and pears. Eventually the family would like to line both sides of the yard with tropical fruit trees for their own orchard.

James Keeton says that he is expecting mail visitors in the near future. So if local citizens wish to see his rare chickens and colored eggs, take note: He'll be busy with his small farm in his own backyard or next door giving a handout to...

you guessed it—his neighbor's Silver Leghorn.

## Amvets Post 51 Accepts Two Members Into Club

The Amvets Post 51 met last night at the post home, 5100 Lakeview drive, as Earl Holland and Robert Bobb were accepted as regular and associate members, respectively. This brings the organization's total membership to 136 members.

Joseph Wickham was appointed chairman of the club's turkey shoot which will be held on Sept. 11 at the Amvets headquarters. Commander Rex Maninger announced that an executive board meeting would be held at the post at 7 p.m. Monday concerning the shoot.

Members Floyd Tucker, Glen Greer, and J. T. Sanders were recognized at the meeting. Tucker was just released from the hospital after a short illness, while Greer and Sanders are entered as patients in St. Mary's Hospital, Clayton, Mo., and in St. Elizabeth Hospital locally.

Air conditioning for the post home for next summer season was discussed.

## Red Cross Blood Bank Proposal Advancing

Establishment of the initial phase of a group participation blood protection program for the Quad-Cities moved closer to reality Tuesday afternoon. Directors of the Tri-City American Red Cross Chapter gave approval to a proposed plan devised with the cooperation of the Missouri-Illinois Blood Center, St. Elizabeth Hospital, Tri-Cities Chamber of Commerce and representatives of local industry.

Primarily, the blood protection program's first stage of operation will be for large industrial groups, expected to involve an estimated 10,000 persons. Administration details, collection and storage of blood will be handled by the American Red Cross, while participating industry or employee groups will secure the lost of donors and arrange for participants to be available at each scheduled Bloodmobile visit.

According to present policy of the national Red Cross organization, contractual agreements must be signed between the local hospital and the national Red Cross before the blood protection program can be implemented.

Formal acceptance by the St. Elizabeth Hospital administration has yet to be signed, it was learned. However, a contract was delivered to Sister Mary Thomas, hospital administrator, earlier this week. No statement was available from hospital personnel on the current status of the agreement due to the absence until Saturday of the hospital administrator.

pit administrator. Floyd T. Mitchell, chairman of the local chapter's blood committee, told board members Tuesday that a tentative agreement had been reached by the various interested groups during a meeting last month at the Granite City Army Depot.

Specific points in the proposed program provide for annual blood donations being made through Red Cross Bloodmobile units by a minimum of 25% of the total number of employees from each group signed up for the program.

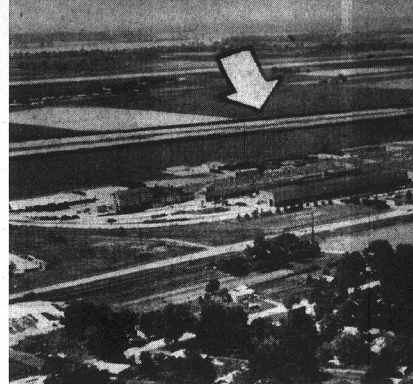

Coverage of Program Blood donations provided by one-fourth of the group's membership would guarantee all of the whole blood required by all members, together with the blood needs of their immediate households—parents, parents-in-law, grandparents and grandparents-in-law.

Other points mentioned in the tentative agreement include cancellation of all outstanding liability for blood replacements owed the Red Cross blood center by St. Elizabeth Hospital, which totals about 1000 pints at the present time.

In addition, the Missouri-Illinois Blood Center has agreed to furnish St. Elizabeth Hospital a list of all donors in the industry groups, through the Tri-City Chapter, as they become available. However, the hospital will call on donors for blood only on an emergency basis, the report continued.

An extension of the blood protection program to include groups other than industry may be carried out with the assistance of the Tri-Cities Chamber of Commerce, the report stated. These may include such groups as churches and service organizations, whose members would contribute their blood donations directly to St. Elizabeth Hospital, where they would receive guaranteed coverage in the same manner as the industrial groups. Mitchell informed the board that details of this phase of the program have yet to be finalized. He added that by starting with the more easily-organized industrial groups, the program would have a greater chance to expand.

Cost Factor The Red Cross blood committee chairman explained that a

**EOC Lacks Funds to  
Use Depot Swim Pool**

Maurice Harris, director of the Madison County Economic Opportunity Commission, has notified Col. George Thomson, acting commander of the Granite City Army Depot, that the commission will be unable to participate in the recently initiated swimming program for underprivileged children at the depot swimming pool.

Harris expressed the commission's appreciation of Co. Thomson's efforts to set up the program and pointed out that the Madison county group will be unable to take part in the program because of a lack of funds with which to finance transportation to the pool.

David Walker, assistant director in charge of the Quad-City anti-poverty program, said the commission currently is operating on a "slim financial margin" until additional funds are received in September.

Walker said he was informed that St. Clair county also will be unable to participate in the program, leaving use of the pool to St. Louis children transported by the Human Development Corp.

He said Madison county EOC members have been working closely with depot officials and that approximately 200 Madison and St. Clair county youngsters have been placed in job-experience positions at the depot.

**New way to beat the  
Blister Problem**

A new system that gives you greater protection against moisture blistering than traditional linseed oil paints:

If the old paint has blistered, remove old paint down to bare wood. Prime with Du Pont Blister-Resistant Primer. Cover with one or more coats of "Lucite" House Paint. Dries in one hour. Clean hands and brushes with water. Result—a lovely, rich, low-luster finish of far longer life than old-style linseed oil paints!

For previously painted surfaces in good condition: apply one or two coats of Lucite House Paint—no primer needed.

## Farm Column

By TRUMAN W. MAY  
Madison County Farm Adviser

**Webworm Problems**  
Severe infestations of webworms, sometimes called garden or alfalfa webworms, have appeared in alfalfa and soybean fields, chiefly in the eastern part of the county. Some large acreages of alfalfa have been badly damaged in just a couple of days. The worms spread a little slower in soybeans, but they can destroy a field in two or three days.

Webworms may be easily identified by the webs they spin over the leaves. They are about an inch long and green to yellow-green with three black spots on the side of each body segment. One to three brittle-like hairs project from these spots. There are one to three generations each year. They seem to be worse in hot, dry weather.

Cutting the alfalfa will cause many worms to die from exposure or migrate to weeds and grasses in fence rows. Prompt spraying after cutting, if there is enough hay to harvest, is effective. Fields that have not made much growth in the drought should be sprayed at once to avoid more damage. Use a pound of actual carbaryl (Sevin) per acre in enough water to cover well, at least ten gallons per acre. Apply enough pressure to force the spray into the weeds. There is no residue problem with Sevin.

Spray soybeans the same way or use toxaphene at the rate of a pound and a half actual per acre. Do not use toxaphene on dairy farms or on fields adjacent to dairy pasture, hay or forage crops.

**Top Producing Herds**  
The ten highest producing herds in the Madison County Dairy Herd Improvement Association in June were owned by

Normann Henke, Marvin Stille, Martin Linenbroeker, Eugene Meffert, Wilbur Federer, Vernon Wernicke, Sam Dorsey, Henry Zoeller, Willard Blase and Jim Beane.

The highest producing herd for the month was owned by Normann Henke. This herd consisted of 43 cows. The average production was 1.6 pounds butterfat and 42.5 pounds milk per day with an average butterfat test of 3.8%.

Recent showers helped the corn and soybeans considerably in the areas of greater rainfall. As usual, there was a lot of variation, with some communities getting very little rain. We will have to accept much less than the state's record-breaking average of 92 bushels of last year, however. Soybeans will yield a lot less, too.

Apparently high amounts of fertilizer, especially nitrogen, have made corn more tolerant to dry weather than it previously was. This year's dry weather is comparable to that of 1936, 1954 and 1955, but even where corn needs moisture desperately, the crop isn't yellowing as it has in the past. Improved corn hybrids that are more resistant to adverse conditions are undoubtedly another factor.

A report from Pat Johnson, University of Illinois agronomist in charge of the experimental fields at Brownstown, Newton and Toledo, states that Monon wheat again led all other varieties in average yield per acre in this year's tests. At Brownstown, closer to Madison county than the other fields, Monon made 75 bu. per acre. Ben Hur 72, Riley 71, Lewis 65, Knox (62) 61, Studer 60 and Vermillion 58. All these are soft wheats.

Of the hard wheats at Brownstown, Scout was high with 65 bu. Other hard varieties were Gage 65, Ottawa 61, Pawnee 61, Triumph 60 and Caddo 55. Silage is rapidly replacing hay

### Windows are Important

The choice of windows is an important consideration when building or remodeling a home. The type you select will affect more than just the view and ventilation.

Windows should complement both the outside architecture and the inside decor, and should be easy to keep clean. The time to simply window-washing is before the windows are installed, making sure you won't have to hang by your heels to wash their best only if kept sparkling clean.

No matter which type of windows you select, they will look their best only if kept sparkling clean. The time honored treatment is washing with soap and detergent suds. For extra luster, add a pinch of bluing and a few teaspoons of kerosene to rinse sashes pivoted at top and bottom water.

An efficient homemaker can save steps by gathering all equipment—a two-section pail for suds and rinse water, bottle brush for getting into corners, squeegee, sponges or lintless cloths and rided to the kitchen for washing, polishing chamois or wadded newspaper—on a rolling cart which can be pushed from window to window.

ward, can also be washed from indoors.

Jaibous windows—with a series of adjustable narrow glass slats—can be suds-sponged like Venetian blinds. Austral windows also provide easy cleanability because their two swinging sashes allow the top and bottom panes to be open in opposite directions. Traditional casement windows, with sashes that swing, are easily opened and washed from the inside.

Many new features have been incorporated into conventional windows. Picture windows with washers at top and bottom water allow both sides of the glass to be suds, rinsed, and polished from inside.

Double-hung windows are being constructed so the sashes lift off and can be carried to the kitchen for washing, polishing chamois or wadded newspaper—on a rolling cart which can be pushed from window to window.

### Coleman to be Chairman

#### For Beauty Salon Week

Stanley Coleman of Stanley's Beauty Salon on Grand avenue will serve as chairman of Illinois State National Beauty Salon Week to be held Feb. 12-18, 1967, according to an announcement just received. The slogan for the meeting will be "Wear A Bit of Spring In Your Hair."

The Illinois Hairdressers and Cosmetologists Association received the best overall National Beauty Salon Week award at the last meeting of the Association held in Houston, Tex.

vering over an easement for the old route.

Exhaustive research failed to turn up any evidence that 29th street had ever been formally platted and dedicated. It ends at the park entrance where the water line continued on to the Fehling-Bent intersection.

The agreement eliminated any problems or delay relocating the old line.

As for the old existing line, the water company will cut it at each side of the building site and proceed out around the facility. Gabriel explained that no problem existed here, since the old six-inch main could be pumped full of sand avoiding any water collection and expansion problem under the building.

## **Teams Collide Next Tuesday Mathews, Credit Union In Class A Loop Duel**

It will be Mathews Chevrolet off with a homer, "Jo Jo" Johanne and Granite City Steel Credit Union in next Tuesday night's Wilson Park Class A League championship game. Both teams won Tuesday's opening play-off.

After rattling out three hits and no walks to Mathews in five scoreless games Tuesday night, Kirchner's Jerry Shelton faltered in the sixth.

**Five Run Sixth**  
Pat Harris led off with a single. Harris then walked three batters. Two hitters popped up but the next batter was nicked by a pitch. Then Chuck Mizerski doubled and Mathews had five runs.

Mathews added three more in the seventh to win 8-4. Here in the second without a hit, again, Harris led off with a single. Mary Brokaw, Nick Crabtree singled in a run in the Petriello and Jake Hinterer also laced singles in the frames. Kirchner's had scored three in their first. Larry Williams led

## **Wilson Park's Boys Baseball Event Cooking**

Only six spots remain to be filled for Wilson Park's Invitational Boys' Baseball Tournament set for Aug. 27-28. The tournament will involve 32 teams in Atom, Bantam, Midget and Juvenile classes. It will be single elimination.

Bantam and Midget pairings are set. Still to be filled are four spots in the Atom class and a pair of slots in Juvenile.

**Pairings**  
Atom: B & E Lumberjacks (Wilson Park Salty Parker League) vs. Staunton Renner; Eagles (Wilson Park Dal Max-vill League) vs. St. Louis Hen-

Bantam: Bellemore Toy & Sporting Goods Panthers (Wilson Park Owen Friend League) vs. East Alton; St. Louis Erickson vs. Staunton Stein; Granite City Optimist (Wilson Park Owen Friend League) vs. St. Louis Henson; St. Louis Biederman vs. St. Louis Skayes.

**Errors Hurt Merchants**  
In the Credit Union 5-2 win over Merchants the losers out-

hit Credit Union 7-5 but committed seven bobbles. Ray Huff, who surrendered six singles and George Sykes' sixth-inning triple, was only in trouble in the third. Here, Rich Franklin singled but was forced when Dewey Martin hit into a fielder's choice.

Norm Grote singled to score Martin. An error then allowed Grote to score. Credit Union scored two runs in the second without a hit. There were three errors. Don

## **Mexican Honorary Still In Polish Hall Favored In Tournament Finale**

Caseville's State Slow Pitch Tournament goes down to the wire this weekend with under-

teated Polish Hall a good bet to win. One victory in their 7 p.m. game Sunday will find the defending champs still tops in the State.

As defending champions, Andy Midsky's crew had a first-round bye. They've played only four games but in two they handed journey front-runners a first and only defeat.

**Saturday Opener**  
As for French Village's Rogues, once beaten by VFW 6-5, they scored over Art's Mold Shop 13-10, notched the win over Bussey Bank 7-4 and narrowly trimmed Buzz's 8-7. They square off with Carbon Cliff at 1:30 p.m. Saturday.

**Odds on for having the tournament's most romantic name, the Carbon Cliff Fargo Silver Inn team has only played three times. A 9-8 trimming of Urbana Bussey Bank, a 9-6 win over Collinsville Blaziers and the defeat by Polish Hall.**

**Hosts Wait In Wings**  
And this leaves the host team. The VFW's scored their first win over Moline Harvester Club 10-6, edged the Rogues, won a wild game from Tasmanian Devils and finally were shelled by Polish Hall.

It could well be they'll face Polish Hall in the Sunday finale. The VFW's play at 8:30 p.m. Saturday as they meet the survivors of a 7:30 p.m. game pitting the two afternoon winners.

**Mitchell MJM Girls  
In Last Minute Win**  
Mitchell A.C.'s MJM Girls' League team won another clutch game Monday night. With two out in the bottom of the seventh they trailed Jerseyville 16-15. Roxie Eastler singled, Jo Ann Dickson walked, Sheryl Martin singled and an error helped score the tying run. Then Jo Ann crossed the plate on a passed ball.

Joan Minnick had earlier hit two three-run homers in the wild 17-16 contest. Stephanie Clonko had also hit on earlier circuit.

On Tuesday night the Mitchell girls won a forfeit when Benkt failed to show up at the Mitchell diamond. Tomorrow night Eunice Winfield takes her 5-8 girls to Brighton for the team's final game of the season.

**Polish Hall  
Dumps Roxie's**  
Rain dampened all the Lee Park Tavern League activity last night except Polish Hall's 22-4 win over Roxie's Tavern.

John Konkovich sparked the winners with a five-for-five at. Beyond this point Clarence bat. Dan Trotts was four-for-four and Frank Scarsdale was four-for-five, including a triple.

Ron Gryzwacz and Bill Goldschmidt each had two hits for the losers.

**Credit Union In Senior  
Khoury Playoff Sunday**  
Granite City Steel Credit Union and East St. Louis VFW, both with won-lost records of 12-2, will play off for a first division berth this Sunday in their first game of the Senior Khoury League Tournament of Champions.

Starting time will be 3:30 p.m. in St. Louis at Forest Park's Diamond E. The winner will play St. Louis Wagner Electric at St. Louis' Fairgrounds Diamond No. 1 at 8 p.m. Tuesday.

The loser will continue to play in division B, a bracket of teams which did not win their league first-place positions.

The Tournament of Champions will have simultaneous games at three different parks: Carondelet, Fairgrounds and Forest Park.

Included in the tourney are 20 leagues with four classifications (A, B, C, D), so that altogether 80 teams are competing for championship titles.

Norleville Moose, the only other team from this side of the river, plays St. Louis Marcella Redbirds and Sunday at Fairgrounds diamond 5 at 12:30 p.m.

Other Sunday pairings: St. Louis Gateway for Youth vs. St. Ann's; St. John District; St. Louis Knights vs. Belridge Belnor; Ferguson Johnny Landoff vs. Belridge Snow Cap; Eureka Pond vs. St. Louis Waterson Warriors.

**Mercur Junior  
Khoury Host  
Edgemont Team**  
The Macoupin county Junior Khoury League champion Mercur team will meet Edgemont, the Belleville Junior Khoury champ Saturday, at 2 p.m. in Wilson Park.

Edgemont won the league playoffs in a 15-team circuit. winners with a five-for-five at. Beyond this point Clarence bat. Dan Trotts was four-for-four and Frank Scarsdale was four-for-five, including a triple.

Mercur Juniors took the Macoupin County League race with a 12-0 record. Additionally, playing under the banner of Granite City Trust & Savings Hornets, the team is 9-0 in Wilson Park's Slim Culpin Junior League.

## Cash Prizes and Trophies For Aug. 21 Boat Races

Cash prizes exceeding \$800 plus number of gold and silver trophies await participants in the annual Granite City Kiwanis Club Boat Race, set for 1 p.m. Sunday, Aug. 21, on the Mississippi River, near the Hartford Canal.

More than 150 entrants, including several national speed boat champions, are expected to participate in the late summer classic, which will feature six events for hydroplane racers and six for runabout classes. Many of the boats entered will approach the 100 mph range.

Bill Seebold, Jr. of Granite City, who last weekend captured national championships in the American Powerboat Association race at DePue, Ill., and John Woods of St. Louis, also a national title holder, are among those entered in several events.

Members of the Granite City Kiwanis Club, co-sponsors of the major aquatic attraction, heard arrangements for the day-long sport's spectacular Monday evening, at their weekly dinner meeting, in the Rose Bowl.

Wilbur Waggoner and Bill Seebold Jr., race co-chairmen for the Kiwanis Club, announced plans for an additional feature to be incorporated in this year's race. The new event will be a 60-mile marathon race for pleasure craft that will be staged towards the close of the professional races.

The course to be covered will range between the Bow Line Boat Club on the Hartford Canal and St. Charles, Mo., including the return trip. Seebold explained. Many of the craft entered in the marathon event are expected to exceed speeds of 80 mph, he added. Entries still are day.

being accepted from any pleasure craft owner, who believes his boat can qualify, the race chairman said.

Several of the craft already entered in the marathon race are powered by three outboard motors, including the giant Kook three-motored boat, winner of many long distance events. Seebold reported. Discussion also centered on work details, advertising and ticket distribution. Tickets at \$1 each are now available from Kiwanis or Bow Line club members.

Plans also were completed for a trip to the St. Louis Municipal Opera Monday evening for Kiwanians and their wives, replacing the regular weekly meeting.

### Open Class B Loop Beginning Play-Offs

The 150 who over the weekend night completed the regular season, John Harper and Al Kravetz home run leaders, finished on top of the loop at 10-2. Don Kalfemeyer and Paul Thomas Kaltemeyer for the fourth place incentives, ending with a 4-8 record.

Bellefonte Tile PFC's and Eagles wound up with identical 5-7 records. A flip of the coin will decide their final position. The two teams meet in a regularly scheduled loop playoff contest Monday.

**Rained Out Games Re-Set**  
VFW will play Local 30 at 6 p.m. and Jacobson will meet Midtown Pharmacy at 7 p.m. Saturday in 35 & Over League games rained last night. The Zips and Incentives in Open Class B was re-set for 7 p.m. Sunday, he added. Entries still are day.

## the downstate fisherman

by pete brown

Commercial fishermen on the Ohio claim they're hauling out bass and bluegill by the hundred weight in their nets, while inland creek fishing for bass and crappie is absolutely flat.

One sport fisherman reports he's taking limits of bass by floating down the Ohio from Harlan County to Golconda, casting into the rocky shoreline. His standard tactic is to wait until a rain threat looms, then shove off.

Catch Creek basin is warning top and Jim Wissing and Earl Bauer, Cairo fishing buddies, hit it for a five-pound channel, two bass totaling six pounds and a dropping string of slab crappie in an afternoon after they'd been all but skunked at Horseshoe Lake.

Riverfishing in the Cairo area is on the upbeat, and trotline runners report better-than-average harvests.

Little Grass is in appealing shape but the turnout has been light. J. Walton, West Frankfort, fished for a pair totaling eight pounds. H. H. Brown, East St. Louis, is still catching crappie but his average dropped; only 200 in three days last week. The lake is extremely clear.

Crab Orchard Lake, approaching four inches below spillway, hasn't shown much although channels are still active for trotline fishermen.

Bluegill fishing is reported good at Ramsey Lake, and the bass catch is up at Sans Dale Lake, Johnsonville, and Dolan. Bluegill fishermen at Mermec Lake, Metropolis, say they're

## Hearings to Aid In Drafting Air Pollution Laws

A series of public hearings to determine public attitudes toward anti-air pollution legislation will be held during September by the East-West Gateway Coordinating Council.

"Purpose of the hearings will be to ascertain the feeling of the public and labor and industrial groups to aid in drafting uniform air pollution ordinances for adoption throughout the Illinois-Missouri metropolitan area."

The council decided in a meeting Wednesday that all 13 members of the council, representing its governmental and regional agencies, will comprise the hearing committee.

Eugene Moody, executive director of the council, will serve as chairman. Members of the council represent agencies in Madison, St. Clair and Monroe counties on the Illinois side of the river, and St. Louis, St. Louis County, and St. Charles and Jefferson counties in Missouri.

Several members of the council felt that hearings can be completed in time to draft a uniform air pollution ordinance by the end of the year. Lawrence K. Roos, supervisor of St. Louis County, described action taken in Wednesday's meeting as "a giant step forward."

The council also approved appointment of a special advisory subcommittee to aid the council. It will consist of representatives of five Illinois, Missouri and federal public health officials.

Plans call for six hearings, two in St. Louis, two in St. Louis County, and two in the Madison-St. Clair-Monroe county area in Illinois.

Moody was authorized to employ a staff as proposed in the application for Urban Planning Assistance, under which the federal government has allowed a \$199,171 grant from the Department of Housing and Urban Development. The council is to work on comprehensive plans for development of the Illinois-Missouri area.

## MORE ABOUT Teacher

contract. Such action has not been taken in the past.

Board President Monroe Worthen said that he did not believe teachers should be allowed to disregard contract obligations without some penalty.

The school superintendent referred particularly to a letter of resignation from a sixth grade teacher who informed the board that her husband had been transferred to Carbondale, and that she necessarily must leave her teaching post.

Johnson said that unless the board reported the matter to the state there is nothing to prevent the teacher from moving to Carbondale and assuming a teaching post there, which would be "unfair" to the Granite City school system.

He said that he already had told three other teachers who wanted to move to accept other jobs that if they did so, they would not be allowed to teach elsewhere in Illinois. He said two teachers had sought to East St. Louis to take jobs there, and another had planned to resign to teach in Madison.

Worthen Supports Stand

Johnson, supported by Worthen, suggested that the board adopt a new policy of referring such cases to the state certification board. Other members, however, contended that circumstances differ in each case and that the board should maintain its present policy of considering each case on its own merits.

The board accepted resignations of Mrs. Mary A. Purcell, sixth grade teacher; Mrs. Elmer Aye, Black-Spanish teacher; Mrs. Judy L. Culler, third grade teacher at Logan school; and Mrs. Susan Sheeley, first grade teacher at Stallings school.

The resignation of Andrew Freeman, custodian at Frohardt school, also was accepted, and extended leaves of absence were approved for Shirley A. Claxton, teacher at Central; Mrs. Martha Delevski, teacher at Mitchell school; Mrs. Hazel Markham, cafeteria worker at Central; and Mrs. Leydes Omer, cafeteria worker at Logan school.

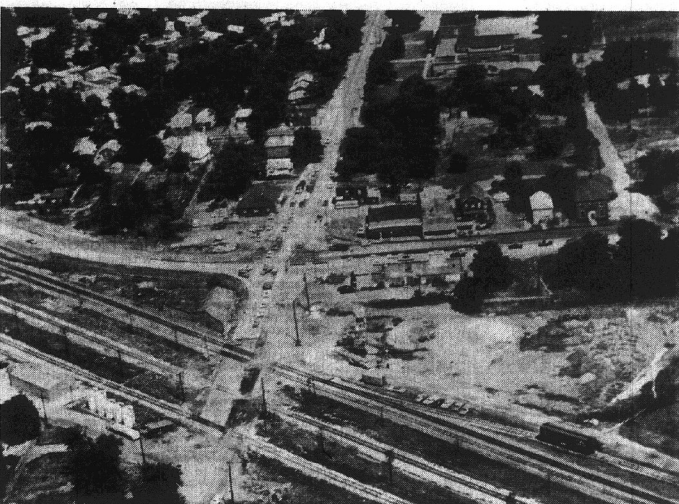

11 New Teachers Hired

Upon Supt. Johnson's recommendation, the board hired 11 new teachers and again broke precedence by including among these Mrs. Neida E. Hentzel, 3245 Feihling road, who has no degree and holds a limited elementary certificate as a primary grade teacher.

Johnson told the board that past policy has been limited to employment only of degree teachers. In Mrs. Hentzel's case, however, and due to the serious need of teachers, Johnson urged her acceptance. He said school districts in which she has worked in the past has given her superior references in practically all phases of her work. She will teach first grade at Wilson school.

Other new teachers hired include: Mrs. Evelyn M. Copeland, Pittsburgh, Pa., third grade at Stallings; Mrs. Margaret Della Riva, 4010 Braden avenue, sixth grade at Marshall; Mrs. Cheryl Beth Klaus, Edwardsville, Black-Spanish at Central; Mrs. Betty Roberts Yarbrough, Wood River, third grade at Lake.

Miss Evelyn E. Zumpfe, Dorchester, Neb., second grade at Maryville; Miss Margaret L. Crawshaw, Murphysboro, first grade at Webster; Mrs. Harna Ann Holligan, 2613 Central street, kindergarten at Mitchell; the Annetta Lenzi Lamb, 3323 Aubrey high school principal; and Rob-avon, first grade at Nameoki; Mrs. Norma Lou Lesko, Box 152 Central avenue, second grade at Mitchell; and Mrs. Gail And-son Shafter, Alton, art and English in the senior high school. The board also approved the

An opportunity for "old-time" to recapture memories of bygone days and for youngsters to observe an almost extinct farming practice will be afforded Sunday afternoon when the public is invited to view a steam-powered threshing machine in operation at the Albert and Joseph Drexelius farm near Frosterburg, Ill.

## Arrest Warrants Obtained for 56 Parking Violations

Court appearances were being made this week in Granite City magistrate's court by motorists who failed to respond to police notices to pay parking fines. Police have obtained 56 arrest warrants after having mailed 300 notices previously, and the motorists were being called to appear in court.

Fines generally are \$5 plus court costs of \$5, but Magistrate Hiscott noted that the city ordinance provides fines up to \$100, and penalties will be "stiff" on those drivers who do not appear voluntarily.

The warrants cover both parking meter and other parking violations. Lt. William Condis of the traffic division said, with some of the tickets dating back to February.

About four-fifths, or in this hiring of Mrs. Dorothy Marie Hamilton, 2611 Lincoln avenue, a secretary of the Life-Off program; Mrs. Carolyn Ledbetter, 3216 kindergarten at Mitchell; Mrs. Harvard avenue, secretary to the Annetta Lenzi Lamb, 3323 Aubrey high school principal; and Rob-avon, first grade at Nameoki; Mrs. Norma Lou Lesko, Box 152 Central avenue, second grade at Mitchell; and Mrs. Gail And-son Shafter, Alton, art and English in the senior high school. ## Madison Rotarian Tells Of Vacation Experiences

Madison's Rotary Club met for its weekly meeting yesterday afternoon as member Wayne Scannell related to the club the experiences he encountered during a Rotary meeting at Pueblo, Colo., which he attended while on vacation.

Scannell said that several new and interesting "customs" were undertaken at the meeting. Among them:

coming song for their visitor and presented him with a club banner. He also was presented a special medal and temperature thermometer by one of the steel industries there.

Fines were levied upon several of the Rotary members: the president received one for not wearing a Rotary pin and for being late for the meeting. A mystery quest, said Scannell, would be appointed each meeting and the third member

to shake hands with him would be treated to dinner on the club's expense.

The only other business discussed at the Madison meeting concerned attendance, which has fallen off slightly in recent weeks. Groups are to be formed with chairmen who will see to it that their "members" are present each week.

At the end of each month the section with the best percentage will receive a free dinner through the organization.

Elmer R. Wagner, 64, Dies on Visit to Benld

Elmer Richard Wagner, 64, of 2321 Washington avenue, died early today at a hospital in Benld, Ill. He had been taken there last night after becoming ill while on a one-day visit to friends in that community. He had been under a physician's care for a lung ailment.

A native of Missouri, Mr. Wagner resided in Granite City for more than 30 years. He retired about a year ago from General Steel Industries.

Mr. Wagner, who was a member of St. John United Church of Christ, was preceded in death by his wife, Othelia, in 1963, and by a son, Richard Wagner, in 1958.

Surviving are a brother, Hugo Wagner of San Diego, Calif.; and one granddaughter, Karen Bronsman of Granite City.

Funeral arrangements are incomplete at a Benld funeral home.

## Page Asks Retired Teachers —'Come Back to Work'

Ray Page, state superintendent said we need over 4000 new teachers Tuesday to fill the gaps in all fields in Illinois. Page also issued a plea for those who are entering college to consider teaching as a profession. He said this need is most urgent and that "With the population still on the increase, our teacher shortage will become even more acute unless we take emergency steps to curtail it."

In a plea to meet the critical shortage of teachers Page said, "Due to increased enrollment in all our schools throughout the country, we are faced with a national shortage of teachers."

"I should like to make a personal appeal to all certified teachers who are not now teaching, retired teachers and college graduates to consider teaching positions this fall. You will not only be helping your community, your state, and your nation but you will be experiencing great satisfaction in doing a job that is challenging, rewarding and most necessary."

"The future of our state and our country depends upon the education of our youth of today. Become a teacher. There is no finer profession."

Page indicated that there is a need for approximately 7000 additional teachers in the country and Madison avenue. Persich for federal programs that were created by the 1965 Elementary and Secondary Education Act. He

"ACE SETS THE PACE" — QUALITY AT LOWER PRICES

## School Board Ups Wage Scale for Head Custodians

A rate of \$3.15 per hour will be granted all head custodians in the Granite City school system, school board members agreed in meeting Monday night. The 10-cent per hour premium paid to all custodians who work on shifts that start after noon, also will remain in effect.

The new schedule for "lead" custodians—at least one at each school—was decided upon to adjust salaries slightly ahead of regular custodians on so-called "P.M." shifts, earning \$3.10 per hour. Base pay of all custodians is \$3 per hour.

The 15-cent increase for lead custodians will include about 20 persons, according to Supt. Russell D. Johnson.

Board members also granted a request of radio station Wgnu for permission to make live broadcasts of high school football games throughout the approaching season. Johnson opposed the request because, he said, he believes live broadcasts will reduce attendance. Several board members said they favored replays of taped broadcasts as was done in previous seasons, but since the request was directed only to live broadcasts the board decided to try the program for the 1966 season.

### Withdraws Bid Requests

A previous request that the High School Band Parents Association secure bids on supplies for concessions at high school football games was withdrawn by the board after hearing a letter from Bernard F. Shepard, president of the group who pointed out that purchasing has been done where the best service and best discounts could be obtained and that dealing usually is with firms supplying the school system.

The board authorized the superintendent to sign a revised contract with Shepard, Morgan & Schwaab engineering firm for services in connection with sewer installations at the Paul A. Grigsby junior high school.

A special meeting originally set for tonight for the purpose of opening bids for the Grigsby junior high construction was cancelled. The bids will be opened Wednesday night, Aug. 24.

Payment of \$1821 to the Granite City park district as the school district's share of cost for street improvements along Maryville road was approved. The school district accepted 300 feet of the 74-foot frontage from the park district at the time the improvements were made.

### Approve Bills

The board approved educational fund bills of \$7,932 and building fund claims of \$33,696. Payment of claims for federal projects under Titles I and II, amounting to \$866 was approved.

Total bills of \$85,577 were approved for payment out of the new construction fund. Largest of these items was \$33,439 paid to L. Wolf Co. for work on the Parkview and Maryville schools. Cannon Construction Corp. received payment of \$19,720.

A total payroll of \$471,333 for July was approved for payment. Of the amount, \$467,070 is payable out of the educational fund and \$4,263 out of the building fund. Largest payroll item, amounting to \$199,086, represented salaries for elementary teachers. High school teachers salaries amounted to \$61,620 and junior high school teachers salaries \$64,697.

## Former GC Resident Delivers Own Infant

The stork beat both an ambulance and a fire department emergency squad to the home of Joel Penrod of Lakeview Heights, 1. He is a former Granite City resident.

Penrod delivered his own baby in his trailer home. The child was not due for another three weeks. The baby, their first, is a girl weighing four pounds, eight ounces. The mother and child were taken by the emergency squad, which beat the ambulance to the scene, to Holden Hospital in nearby Carbonate where both are in good condition.

The father, who moved from Granite City at the age of eight, is the son of James Ardell Penrod, 2410 West 20th street.

## Shower Honors Miss Margulen

### \*SOCIETY\*

#### FLEA SERVICE DISCUSSED JR. SERVICE MEETING

The Granite City Junior Service Club executive board met Monday evening in the home of Mrs. Jo Ann Gummer, 2872 W. Main, where Mrs. Rana James, president, conducted a brief business meeting and to discuss the annual Flea Market to be held on Oct. 3 at Bellemeo Village shopping center.

Mrs. Charlene Pohlman and Mrs. Audrey Jaros will serve as project chairman. The proceeds will be used for charity purposes. Household items, usable clothing, children's toys, records and books for all ages are needed as well as usable furniture. Anyone wishing to make a donation may contact Mrs. Pohlman, WE 1-0612 or Mrs. Jaros, TR 6-8901.

The proposed home tour was cancelled. The next board meeting will be held in the home of Mrs. Jaros, 2101 Clark avenue, Sept. 12, and regular meetings will be resumed Sept. 19 at the Civil Defense building.

Refreshments were served by the hostesses to the above named and to Mesdames Kathy Golan, Bernice Fitzpatrick, Dottie Melkarp, Eva Burns and Misses Flora Mae Lanning and Helen Parsaglian.

#### AMVETS AUXILIARY HOLDS DIVISION MEET

A division meeting of Amvets Auxiliary, Department of Illinois, was held this week at Post 51 headquarters, 5100 Lakeview drive.

Mrs. Ann Tucker, Division 2 president, was in charge and about 35 members were present from Mt. Vernon, Harrisburg, Madison and Granite City. A buffet dinner was served to all Auxiliary and Amvets members attending through the courtesy of Madison Post 204, the host group.

Entertainment was furnished by The Dimensions, a Granite City rock 'n' roll group composed of Gene Smith, Ronald Holland, Gene Hudson, Donald Holland, Chris Hamilton and Gary Holland.

#### Garden Club Votes Donation

The Cloverview Garden Club was entertained Tuesday by Mrs. Louise Sedlack at her home, 2801 Madison avenue.

A dessert luncheon was served and Mrs. John Jenkins, president, conducted the meeting which followed. Mrs. Leo Roman read the club collect.

The group voted to send a contribution to the district Blue Star Memorial Road Markers committee which places markers commemorating America's war dead along the highways. Also planned was a rummage sale to take place in September.

"How to groom flowers for showing in the horticulture division" was discussed by Mrs. B. C. O'Neill. A guest, Mrs. Kenneth Brokaw, was enrolled in the club.

Other members attending were Mrs. Robert McCauley and Mrs. V. J. Lisac.

Among the many showers and parties given for brides and bride-to-be was that at which Mrs. Morris Helman entertained Tuesday evening for Miss Brenda Margulen, who will be married Sept. 3 to Jim Cant.

The party, a kitchen and reception shower, was held at the Helman home, 2830 Cleveland blvd.

A centerpiece of red roses was used on the table, and favors of netting filled with rice were presented to guests.

Also present were the young women who are to be in the wedding party, Mrs. Jo Ann Maci, Mrs. Sue Reading and Mrs. Karen Talley, and Mesdames Jeanie Goshish, Elizabeth Walcho, Aretta Cant, Vivian Danco, Ann Mega, Mary Bridick, Perdica, Esther Curran, Estelle Ogle, Marge Norwood, Mildred Smith, Peggy Welmak, Pat Takamizawa, Cora Mae Bent, Jeanne Bridick, the guest of honor and her mother, Mrs. Ann Margulen.

The wedding of Miss Margulen and Mr. Cant will take place at Sacred Heart Catholic Church.

#### Silver Wedding Anniversary

Mr. and Mrs. Walter Bowles, 49 Villa drive, celebrated their 25th wedding anniversary this week at a surprise party given at the Western Club in East Alton.

A large anniversary cake decorated the table and those attending were Mr. and Mrs. Carl Archer, Mrs. and Mrs. Robert Garin and daughter, Mariamne, Mrs. Rita Kerper and daughter, Tammy, Mrs. Tillie Reynolds, Mrs. Paul Beasley, Cora Mae Bent, Mrs. Dale Bowles and children, Ginger and Dale Jr., Donald Bowles, Misses Mary Lou and Tammy Bowles, all of this area.

Mrs. Violet Jones of Maryville, Mr. and Mrs. Ralph George and daughter, Janis, of Edwardsville, Mr. and Mrs. Cletus Cherry, Misses Cletia, Anita and Gayle Cherry and Russell Edgington of Collinsville, and the guests of honor.

#### Mrs. Eftimoff is Area Chairman

Mrs. Vasil Eftimoff, 2800 Mich-Clair county vicinity chairman, was the guest of honor at the 19th Annual Division of the Women's Association of the St. Louis Symphony Society, has been appointed one of the team captains in charge of ticket sales for the Aug. 19 Cardinal football benefit game.

The proceeds from the ticket sales will be used by the Symphony Society to underwrite the salary increases guaranteed musicians last year.

The 4,801 seats in the new Busch Stadium will be sold at the regular prices of \$3 for bleacher seats and \$8 for all other locations. Tickets are available by contacting Mrs. Eftimoff at TR 7-7134 or at the Cardinal office.

**FORMER RESIDENT HERE**  
Mrs. Jack Allen of Riverside, Calif., formerly of Granite City, is here for a month's visit with her son-in-law and daughter, Mr. and Mrs. Jerome Plantz, her son and daughter-in-law, Mr. and Mrs. Victor McMurtry of Madison, and her brother, Russell Cox, 2801 Washington avenue, Granite City.

## Can Price and Quality be Compatible?

Does the gal in the Rolls Royce care about price and quality, or is she interested only in quality regardless of price?

Well, we really don't figure we have many customers who own a Rolls Royce, but with the savings possible in our supermarkets, many customers could afford to buy one. We feel we not only offer the lowest prices, but also the highest quality. Can't be, some of you doubting Thomases say... "Well, it's easy enough to check." Just take a look at our prices, the quality of our merchandise and then compare them with any of our competitors on both counts. We think you will quickly come to the conclusion that price and quality are compatible... at least at Tri-City Groc. Co.

## Registration for Venice Schools Starts Next Week

John Pier, superintendent of the Venice school district, announced yesterday the dates of registration for all elementary and high school students who intend to enroll in the Venice school system. He also said that students enrolling the schools for the first time must have a diploma or other record showing their eligibility to enroll in the school system, along with a completed physical examination. Registration dates for the four classes at Venice high school are as follows: Seniors — Monday, Aug. 15; Juniors — Tuesday, Aug. 16; sophomores — Aug. 17; freshmen — Thursday and Friday, Aug. 18. All new elementary pupils for the Venice school system will enroll in the offices of principals Robert Vickers at Lincoln and Roger Davis at Venice on Tuesday, Aug. 22. The offices will be open from 9 a.m. to noon and from 1 to 3 p.m. On the following day, Aug. 24, all new kindergarten students are to register to the same principals at their respective offices. They will be there on the same time schedules as the previous day.

## Conduct Charge Filed

Gary Reece, 23, of 1387 (rear) Edwardsville road, was arrested at 7:40 a.m. Wednesday at his home on a disorderly conduct charge. He was released on notice to appear.

## Man Fined \$25, Jailed

Tommy Lee Williams, 163 Lee Wright Homes, Venice, was fined \$20 plus \$5 costs and sentenced to seven days in jail Tuesday in magistrate's court on a charge of driving without a license. The charge was filed June 16 by Venice police.

## On-the-Job Training Program Ok'd for Area

Secretary of Labor W. Willard Wirtz announced yesterday the approach of a new On-the-Job Training Program under the Manpower Development and Training Act (MDTA) for Madison and St. Clair counties.

Economic Opportunity Commission of Madison and St. Clair counties will train 500 persons for a period of 20 weeks in various occupations. MDTA funds allocated total \$233,406.

The jobs were developed with the employer by the U. S. Department of Labor's Bureau of Apprenticeship and Training. Thomas Augustine is regional director, with offices at 219 South Dearborn street, Chicago, Illinois.

On-the-job training is given by private industry with Federal Government reimbursement for job instructor fees and instructional materials only.

Trainees receive wages paid by employers during the training period. About 84% of these completing programs have been hired by the employers who provided training.

## State Auditor to Speak For Democratic Club

Michael J. Howlett, state auditor of public accounts, will be the principal speaker Sunday, Aug. 28, at the annual barbecue and rally of the Collinsville Democratic Club. It will be held at 3 p.m. on the Vandalia street VFW grounds in Collinsville.

Club president Lewis J. Krause said Howlett will analyze major issues of the November election campaign. Others who are expected to attend include Sen. William Lyons, Sen. Paul Simon, State Rep. Lloyd "Curly" Harris of Granite City, State Rep. Leonard Kennedy, and Sam Vadalabene and Edward Schaefer, candidates for state representative.

"Congressmen George Shipley and Melvin Price and all candidates for county office also have been invited."

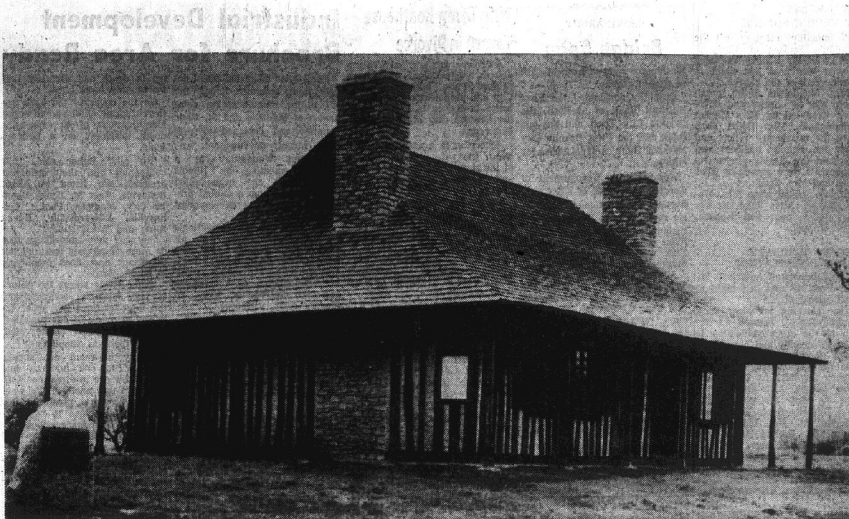

## Driver Faces 2 Charges

Morris R. McGee, 4088 Melrose avenue, was arrested at 1:20 a.m. Wednesday on charges of careless driving and driving with an improper muffler at Niedringhaus and Washington avenues. He was summoned for a hearing by Aug. 19.

## Trooper Arrests Driver

Francis Lee King, 1721 Third street, Madison, was arrested by state police at 8:30 p.m. Tuesday in Collinsville township on a charge of driving without a valid operator's license. He was summoned for a hearing by Aug. 19.

OLD CAHOKIA COUTHOUSE, one of Illinois' best-known state memorials that is visited annually by thousands of historians as well as tourists from across the nation. The courthouse is believed to be

the oldest in the midwest and the oldest of all courthouses west of the Alleghenies.

## Pioneer French Architecture in Old Cahokia Courthouse

Just off Route 3 at Cahokia, Ill., is an example of outstanding pioneer French architecture.

It is the old Cahokia Courthouse, now a state memorial, possibly the oldest private dwelling in the midwest and most assuredly the oldest of all courthouses west of the Alleghenies. The exact date of its building is lost in antiquity, but historians presume the 35 x 43 foot building was built shortly after 1727. It is one of the few remaining examples of French pioneer log buildings left today.

Its interior, filled with stone and mortar, attest to its great age. The walls rest on a foundation of stone almost two feet thick. Floors are of sassafras puncheons on walnut beams. The roof is the cantilever type, extending on all four sides down over the porches.

The building has four rooms, faces the north and its grounds cover four city blocks. There was a courtroom, a jail, and two other rooms that no doubt were

joint offices and living quarters.

When the French cut Mississippi bottomlands logs for this building, Cahokia was part of the French province of Louisiana. For some reason Marquette and La Salle failed to stop here in their exploration of the Mississippi Valley, founded in 1699 by three missionaries from Quebec.

Here, strangely the two races, French and Indians, lived side by side in harmony. They traded together, worshipped together, and inter-marriage was far from an oddity.

Then came the Seven Year's War of 1756-63. Canada and the Illinois country were ceded to Great Britain. St. Louis was founded four miles distant, but on the west side of the Mississippi, and many Cahokians moved to the new settlement, to live on French soil and also escape the flooding river. They soon learned that the west side of the river had been secretly ceded to Spain.

Cahokia became part of the U. S. on July 3, 1778. On the preceding day Kaskaskia had surrendered to George Rogers Clark and his Kentucky Long

Knives. As part of the Northwest Territory, St. Clair county was set up in 1790, with Cahokia as the county seat. In 1814 the county seat was moved to Belleville, and the former courthouse became in turn a saloon, storehouse, meeting hall and again a home.

Then it was dismantled and moved to the Louisiana Purchase Exposition at St. Louis in 1894. At the close of the fair, it was purchased by the Chicago Historical Society and moved again.

But the feeling persisted that the old courthouse should be returned to its original site. These thoughts turned into action in 1938, and its restoration was assured by the Illinois State Museum and the WPA program. Today it is one of the points of interest in Illinois Expedition land that is visited by people from all over the world. Besides the court house, Cahokia has a dozen other buildings remaining from the French period, among which are the Old Holy Family Church and the Jarret Mansion.

## Industrial Development Brochure for Area Ready

### Publication of an industrial development brochure listing the 137 major manufacturing companies of Madison and St. Clair counties and designed to promote further development, was announced Wednesday at a luncheon meeting by Illinois Metro East, the organization formed to develop a unified program of industrial development for the area.

The meeting, at Augustine's restaurant, Belleville, was attended by 50 members of Illinois Metro East and others professionally concerned with economic development of the entire two-state metropolitan area, including Dr. George Pake, newly-appointed head of the Regional Industrial Development Council.

Chester L. Baker of Granite City, president of Illinois group, said the brochure was prepared as an "effective and versatile tool for the use of everyone in all of our communities who is professionally and economically interested in the industrial development of their communities and this region."

Shows "Great Array" of the brochure, he pointed out, does not make the "usual claims" of good transportation, plenty of water, plenty of labor and plenty of land. We decided that the best possible proof we could give the outside world of what we have to offer industry is to show the world the great array of industries.

The brochures are available from through Clarence Dunn, secretary, Illinois Metro East and of the Wood River Township Chamber of Commerce, Cost \$1 each for one to 49 copies; 75 cents each for 50 to 250 copies, and 50 cents each for more than 250.

Baker said that copies of the brochure also would be made available to RIDC and other groups work on industrial development in different areas of the St. Louis metropolitan community.

"We believe that Illinois Metro East can serve the entire St. Louis community best by concentrating on the development of our own area without taking part in practices that tend to degrade or undermine other sections of the St. Louis metropolitan region."

The meeting included a discussion of most effective methods of using the booklet by the various individuals and organizations present at the meeting.

#### Warrant is Issued For Reported Beating

Mrs. Luel Wooten of 214 Hill street, Eagle Park, complained to the Madison county sheriff's office at 5:30 p.m. Monday that a man had struck her daughter, Glendolyn Wooten, 12, and held her pinned to the ground while the girl was struck by another child.

An official complaint was filed Tuesday by Mrs. Wooten at the state's attorney's office and a warrant was issued on a charge of battery the same day, but has not been served.

The man told a deputy sheriff that the incident occurred when he was trying to separate his daughter and the Wooten girl during a fight. He added that while he was restraining the pair another daughter had struck the Wooten child. The latter was treated at St. Elizabeth hospital for a small cut above her left eye and a swollen left cheek.

nue, Clark avenue and Mercer drive that are without sanitary sewers now.

"This also means that we'll be able to put an end to street flooding in the area by building an interceptor sewer line to separate storm water and sanitary sewage. And, it should aid in the operation of the new sewage treatment plant which now must handle the entire flow of our present combined sanitary-storm water sewers.

Savings to Residents

"If we can gain citizen approval to match this federal grant, it will mean a great savings to Granite City property owners, the mayor continued.

"We've got to undertake the sewer separation program some day, and it won't get any cheaper than it will be now. If Granite City turns down a sewer construction bond issue and we lose the grant, we'll be paying twice as much for the work when it is done," Partney added.

The exact method of raising the city's share is to be planned by the aldermanic committee with the aid of the citizen group and approval by the full council.

Members of the council's Special Sewer committee are Aldermen Sternberg, chairman; Moerlein and Bartosik.

The ladder of success is the first step-ladder ever invented.

## Federal Education Aid Workshop

### Planned at SIU-SW

A Workshop on Federal Aid to Education will open next Tuesday at Southern Illinois University-Southwestern Campus.

Designed for training administrators and students in the art of planning, organizing, and writing federal programs under Federal Law 89-10, the workshop will continue through Aug. 26.

The educational administration course will carry four hours of graduate credit and is open for graduate students and school administrators or their representatives.

It is being sponsored through the cooperative efforts of the SIU-SW Campus Education Division and its Division of University Extension. The offices of Clarence Blair, St. Clair county superintendent of schools, and Wilbur Trimpe, Madison county superintendent.

Directors of the workshop will be professors Robert Andree and Gene Wilkins, members of the University's Education Division. Tuition for Illinois residents is \$38; for out-of-state students, \$68. Registrations will be accepted through the morning of Aug. 16. The workshop will be held in Room 1410 of the John Mason Peck Classroom building.

Where Available

The brochures are available from through Clarence Dunn, secretary, Illinois Metro East and of the Wood River Township Chamber of Commerce, Cost \$1 each for one to 49 copies; 75 cents each for 50 to 250 copies, and 50 cents each for more than 250.

Baker said that copies of the brochure also would be made available to RIDC and other groups work on industrial development in different areas of the St. Louis metropolitan community.

"We believe that Illinois Metro East can serve the entire St. Louis community best by concentrating on the development of our own area without taking part in practices that tend to degrade or undermine other sections of the St. Louis metropolitan region."

The meeting included a discussion of most effective methods of using the booklet by the various individuals and organizations present at the meeting.

## Tavern Looted As Thieves Obtain Cash in 4 Thefts

Four burglary and theft cases reported to Quad-City and county authorities this week included one at a tavern and two at homes. All of the loot was in money except for a stolen auto which was recovered.

About \$200 was stolen in a burglary at the Big D lounge, Rural Route One, after 1 a.m. yesterday. It was reported to the county sheriff's office yesterday.

Broken open were the cigarette machine, with about \$50 taken, and the pin ball machine, with \$150 in quarters taken. In addition, a large jar containing about 3000 pennies was stolen. Entry was made by a key.

William B. Nash, 2632 East 27th street, reported at 4:30 p.m. Monday that \$600 in currency was missing from a chest of drawers in a bedroom of his home and apparently was taken

## 11 DAYS WITHOUT TRAFFIC DEATH

In the last three weeks, 11 days without a traffic death in two bank deposit envelopes and both were the last time they looked. One envelope containing \$60 was left intact. There was no sign of forced entry.

Grace Hutchins, 1319 Meridian Wednesday that her beige purse containing \$200 in \$20, \$10 and \$5 bills was stolen in a burglary at her home.

A large trailer-truck that had "jack-knived" on the wet pavement of the road, caused the pile-up which injured:

Westley and Florence Edwards, 2966 Madison avenue, and their two sons, Glen, 4, and Donald, 10. Mr. and Mrs. Edwards received minor neck injuries, while the boys suffered abrasions.

The Edwards car, hit from behind in the multi-collision, was extensively damaged.

## 7 Persons Hurt In 4 Auto Mishaps; Four in One Family

Seven persons were injured in four of 16 traffic accidents in the area this week, including four members of one family who were given treatment here after a mishap in Missouri.

Four members of a Granite City family were treated and released from St. Elizabeth Hospital last night at 7:30 after suffering injuries in an eight-car accident on Route 70 near St. Charles, Mo.

A large trailer-truck that had "jack-knived" on the wet pavement of the road, caused the pile-up which injured:

Westley and Florence Edwards, 2966 Madison avenue, and their two sons, Glen, 4, and Donald, 10. Mr. and Mrs. Edwards received minor neck injuries, while the boys suffered abrasions.

The Edwards car, hit from behind in the multi-collision, was extensively damaged.

## Opening Dates Announced by Area Schools

Granite City, Madison and Venice schools district are announcing the opening dates of the 1966-67 year.

All Quad-City schools will have a half-day of classes before the full-day schedules begin.

In Granite City, the senior high school will hold an "orientation day" for sophomores on Monday, Aug. 19, from 9:30 to 11 a.m. On Wednesday, Aug. 31, all students are expected to attend classes from 8 to 10 a.m.

The first full day of school, with regular cafeteria and bus service, is scheduled to begin on Thursday, Sept. 1 from 8 a.m. to 3:15 p.m.

All Granite City public elementary and junior high schools will have half-day of classes on Aug. 31, but morning times are yet to be undetermined. Class schedules beginning for these schools on Sept. 1 are as follows:

## Testifies Prison Goon Squad Beat Menard Inmates

An inmate of Menard Prison testified in the murder trial of John Stamps of Granite City and three other convicts Wednesday that he was a member of a prison "goon squad" that beat and humiliated prisoners.

Another inmate told the jury that one of the three guards slain in the Nov. 23 Menard riot abused, brotched and humiliated prisoners.

Testifying for the defense, Lester Topp, who said he received special privileges as a member of the prison's "goon squad," told the court that the squad frequently beat prisoners on orders from an assistant warden.

Topp said he was promised special privileges, better food and the "right of the joint" for his activities on the squad.

Richard Shaikewitz, Alton lawyer representing Stamps, asked Topp if any narcotics were available to the goon squad.

"Yes, quite a bit," Topp replied. "I've been high for four years."

## Saw Man Killed

Shaikewitz asked Topp if he ever had seen a man killed.

"Yes," Topp said. "In 1961 a guy started complaints about a bad heart. But if wasn't his heart. It was ulcers. We were told to whip him. We stomped him pretty bad. They tried to save this guy but it was too late."

"Was it covered up?" Shaikewitz asked.

"Yes... one of the guys... they gave him a parole if he would testify for the state."

"How many times a week did you beat a man?" Shaikewitz asked.

"We would get a couple a night," Topp testified.

Thomas A. Ashbire, now a prisoner at Stateville, told the jury early in the week that one of the slain guards, Lewis Paul of Chester, was a "sadistic megalomaniac."

"He would scream at you, brotbeat you and humiliate you," Ashbire said in his testimony for the defense. Robert Crain, assistant attorney general who was overruled 11 times on objections to testimony by Topp, asked Ashbire what he thought of Guard George L. Wilson and Lt. Arthur Kisko, the two other slain guards.

"Mr. Wilson was a good old man," Ashbire said. "Kisko I didn't know that well."

On trial are Stamos, William E. Bassett, Premits Griffin and Alton Jones. The trial went into its 15th week Monday.

## Parking Lot Accident

While parked on the Snack Shack drive-in lot, 2127 W. Washington avenue, an auto owned by G. G. Wolfe, 73 Riviera drive, was struck by another driven by Robert L. Robbins, 1654 Second street, Madison, at 9:30 p.m. Wednesday.

## A. H. Froemling Elected President of S & L

A. H. Froemling, was elected president of the Madison County Federal Savings and Loan Association at a meeting of directors Monday evening.

This position was vacated by the death of W. W. Huxel, who had served in this capacity for six years.

Froemling joined the association in 1959 and has served recently as executive vice-president-secretary. Now residing with his family at 61 Oaklawn drive, he is a graduate of St. Louis University School of Commerce. He holds a certified public accountant's certificate from the state of Missouri. He formerly was with the Ford Motor Co. at Dearborn.

The board also announced the election of C. P. Specking as secretary-treasurer. Specking, formerly a realtor and mortgage broker in St. Louis, joined the association in 1964. Also a graduate of St. Louis University, he lives with his family in Ferguson, Mo.

Directors are A. F. Buente, R. Y. Champion, R. B. Dunlap, A. H. Froemling, E. L. Hopkins, J. L. Polchelt, J. W. Reese, Gilbert Rorch and C. P. Specking.

## Mrs. Selb, 79, Former Teacher In Venice, Dies

Mrs. Adeline Selb, 79, who formerly taught in the Venice school system for more than four decades, died following an apparent heart attack about mid-day Tuesday, at her home, 632 Broadway, Venice. She had been under the care of a St. Louis physician.

Well-known by neighbors for her methodical habits, Mrs. Selb had continued in her usual precise manner by writing a note to her brother in which she explained she was suffering severe heart pains. The note, recording the time as noon Tuesday, was found on her dressing table.

Mrs. Selb's brother, Henry G. Dauderman of Alhambra, was summoned to his sister's home by neighbors, after another sister, Mrs. Tracie D. Peppering of St. Louis, called a nearby resident, George Schank, 338 Broadway, reporting that she was unable to contact her sister by phone. Mrs. Selb was discovered by her brother about 3:45 p.m. lying on the bedroom floor, near to the dressing table.

Deputy Coroner Robert Thomas, who was called to the scene, said death apparently occurred five or six hours earlier. An inquiry will be conducted. Mrs. Selb was last seen working in her garden early Tuesday morning.

She was the widow of the late John Selb, a widow-known Venice politician, who at one time served as treasurer for the Venice schools. Mrs. Selb had taught first grade classes at Venice for 45 years, retiring in 1948. She was a member of St. Peter United Church of Christ.

Also surviving is a second sister, Mrs. Frances D. Lafferty of Alhambra.

In lieu of flowers, the family is asking that memorials be sent to the Shriner's Crippled Children's Hospital, St. Louis. Funeral arrangements are given in today's obituary column.

## An Illinois Air Purty Viewpoint

## Group Outlines Its Clean Air Proposals

(Last of six Tri-Cities Manufacturers Association articles urging development of an effective interstate compact air purty organization representing the states of Illinois and Missouri.)

We turn now to the Interstate Air Pollution Study report's suggestion of an administrative organization to carry out the Air Resource Management Program. While we are in agreement with the principal suggestion in this administrative organization section—that is, the establishment of an interstate air pollution compact commission, there are a number of suggestions in the report which require clarification.

The report suggests an "Air Management" organization beginning on page 145. Three levels of a "coordinated organization" are proposed: the first to be the states of Missouri and Illinois, the second an interstate agreement, and the third the local level.

**Role of Local Board**  
While the three levels are most assuredly the three which either do or should exist, the manner of their proposed structuring is important. From the organization diagram viewpoint, the first level of any practical two-state organization must be the local air pollution control agency in existence or to be created.

The agencies coming under the direct control of the second level in the form of the state air pollution control boards, which have jurisdiction for all air pollution control activity throughout the state.

The proposal for a single East Side air pollution control district, for St. Clair and Madison counties is not only unworkable in view of the historical political misuse of such sanitary "districts" but is untenable in view of the power of the State Air Pollution Control Board in insuring uniformity throughout a given area of the state.

**Congressional Sanction**  
A third and highest level of organizational structure, the interstate compact commission agency, established by treaty between the two states through the authority granted in the State Air Pollution Control Laws.

Congressional approval, and armed with responsibility for resolving all differences in air pollution control which might arise between the two states along their entire common border.

Such an interstate compact commission would be empowered with financial, technical ability, and police power to correct those air pollution situations which affect both states and which have not been resolved by one state's local or state-level air pollution agencies.

Alongside of such a legal two-state treaty organization, any local St. Louis area "coordinating committee" would be merely advisory at best.

We tend to believe that such an informal "coordinating committee" attached to a fledgling

group like the East-West Gateway Committee would tend to confuse the issue rather than accomplish gains in air pollution control.

In these articles we have tried to make the following points:

1. The "Air Resource Management Program" is idealistic in that it fails to take into account the practical technology and economics of our existing industries.

2. What has been proposed is not the only solution to the problem; Illinois has been hard at work at both the state and municipal levels preparing emission regulations which can and will control existing and foreseeable emissions of both civilian and industrial origin.

3. The so-called "Air Resource Management Program" isn't a "management program" at all. It is really a set of regulations and standards.

4. The way to solve the air pollution control problem in the St. Louis metropolitan area is through the establishment of an interstate air pollution commission, as has been provided for in both the Illinois and Missouri air pollution control laws. This legally-constituted body can do far more than any local St. Louis-oriented coordinating committee.

**Favor Realistic Program**  
While the whole of our comments about this Phase II Report, Section VIII, "A Proposal for an Air Resource Management Program," have essentially been sharply critical, because we believe that the Executive Committee has conducted its activities rationally and in the best interest of all the people of the St. Louis metropolitan area, it is not that they are in any way opposed to positive programs to develop industrial standards which can be realistically met.

We believe that the clear path for improving the air quality conditions in the St. Louis metropolitan area lies not in the district, local or state level, but rather by the adoption at the local and state levels of control standards which are technologically feasible in application to the area's industrial complex.

Our opinion and of an interstate compact organization representing the states of Illinois and Missouri and charged with the authority to solve the air pollution control problems along the length of their common borders.

To the extent that the report contains useful technical information for local, state, and, hopefully, an interstate compact agency, we commend its careful study.

**GOVERNMENT ACTIONS AFFECT STOCK MARKET**  
Q. Don't you think the government intentionally brought on the break in the stock market that started in May?

A. The federal government tightened the money supply and raised interest rates. While this action was designed to slow up inflationary forces, it was probably not aimed primarily at the stock market.

But certainly such action could be expected to slow up business, and this prospect has been reflected in the stock market.

The inflation in our economy for many years has pretty much been created by government action.

There is no question but that we were beginning to get excessive speculation in the market, and that the entire business picture has been suffering from inflation.

Over the long pull, the prospect seems to be for more inflation, increased business, and a continued rise in the dollar value of most common stocks.

Q. Would you give me the names of some of the better mutual funds?

A. I make no specific recommendations on stocks or mutual funds, but have some thoughts for you to consider in selecting what might be the best mutual fund for you.

Mutual funds come in several broad categories: Those that emphasize growth, those that

emphasize income, "balanced" funds containing stocks aimed at both growth and income, and those which hold common stock shares with no specified goal.

After you have decided which particular category fits your own special needs, go to your local library and read Arthur Wiesenberger's book, *Investment Companies*.

It lists the various classifications of funds and you will be able also to see what these funds have done over the years.

## Recreation Center Next Improvement at Lee Park

The community recreation center and administration building being considered by Venice park district has been made in expanding Lee Park improvement and services.

With tennis courts, a flooded ice skating surface, basketball, playground, barbeque and picnic areas, flower gardens, baseball and softball diamonds and an abundance of trees and shrubs, the Venice park offers diverse leisure pursuits for thousands of people.

Through a combination of local and federal financing, it may be possible to expand the park territory, providing room for the new center and also making the spacious park more visible to residents and visitors.

## But We Wouldn't Want to Live There

"It's always greener in the other pasture." But vacationing in Quad-City would find that part of the "green" consists of tax dollars (theirs), if they made their temporary sojourns permanent. You can leave home, but you can't get away from substantial taxation, research by the Commerce Clearing House discloses.

Forty-two states and the District of Columbia collect general sales taxes, and every state taxes gasoline. All but North Carolina tax cigarettes.

Of the eight lacking state general sales taxes, seven in Nebraska, Kansas, Oklahoma, Missouri, Arkansas, Louisiana and Texas, neither a sales nor an income tax (but don't go there if you smoke, own property or drive).

New York has both sales and income levies, and adds four-cent city tax and 10-cent state tax on each pack of cigarettes (a 22-cent tax total counting the eight-cent federal tax).

Arkansas gasoline buyers pay 11½ cents tax on each gallon (four cents federal and 7.5 cents state) and in Hawaii the total ranges from 12.5 to 15 cents.

Forty-four collect state property taxes; Illinois is one of six exceptions. Even adding local-level taxation, the yearly per capita figure of \$266 in Illinois contrasts with the state-local per capita total in comparable states: Michigan \$276, Michigan \$290, Minnesota \$299, Massachusetts \$302, Wisconsin \$310, Nevada \$322, New York \$372 and California \$379.

Our opinion and of out-of-state vacation trips: They're great. But we wouldn't want to live there.

## The Diplomatic Pouch

**QUESTION ON CHINA; PAKISTAN ANSWERED**  
WASHINGTON D. C. The following letters were answered by the Department of State:

Can you tell me if there is a place in China, known as China? If there is such a place, can you give me some information about it?

This information would be of great help to me in social science, our class has become bogged down in arguments as to whether or not it still exists.

A. H. J. Jr.  
Concord, N. H.

Dear Mr. H.: Hangchow, also spelled Hangzhou, is a seaport in Chekiang Province, China (slightly southwest of Shanghai). Hangchow has been noted for its beauty. There is also a bay of the same name, east of the city.

A few minutes after I had read a missionary report about our missionaries in Pakistan being chased out of there, I heard a news commentator announce that you had decided to loan \$48 million to Pakistan.

How can you do that to the American people?

F. H. Renton, Wash. Dear Mrs. H.: Your letter refers to the ill-treatment of American missionaries in Pakistan during the September-October 1965. As you probably know, a number of American missionaries are presently residing in Pakistan.

In addition, about 3000 residents of the United States government employees, currently are living and working in Pakistan.

Unfortunately, during the hostilities, when emotions ran high, there were several untoward incidents involving American citizens in Pakistan.

However, none of our citizens was injured or otherwise mistreated, and the general situation is, of course, now greatly improved. We have had, despite recent

## Discouraging National Illinois Health Trend

One of the most discouraging of all trends is the continuing national increase in prevalence of social disease, following what appeared to be a knockout punch, in the early 1950s.

The dramatic decrease from 1950 through 1956 has reversed itself and now surpassed the 1950 level. Primary and secondary syphilis cases reported to the U. S. Public Health Service have increased from 6399 in 1956 to 23,338 in 1965.

newly-completed statistics disclose, Gonorrhea cases have risen from 224,683 to 324,925 yearly in the same decade.

Veneral disease is a subject seldom discussed openly in print, and this is part of the problem. With prompt reporting, it is now possible to virtually eliminate it as a major factor in the nationwide health picture. But the misguided suppression of knowledge and remedial steps has enabled it to return to a level where it is inflicting a significant portion of the population, particularly in the teen years.

Illinois, certainly, has no cause for complacency. Their rate, at the infectious stage, is 13 cases per 100,000 population, or more than the national average of 12.2.

Records indicate that a greater proportion of the disease is being detected in the primary and secondary stage. But the overall increase is of such alarming proportions that it poses the threat of getting completely out of control. The more cases each year, the obvious potential for still higher incidence the following year.

Will the present pattern be halted? We earnestly hope so, but a widespread change in attitude and awareness may be necessary to achieve a new downturn.

Old settlers Madison, Bond, Macoupin and Montgomery counties are preparing for an elaborate reunion and celebration to be held at New Douglas next week.

Wooden shoes for Americans within two years is the prediction made by members of the Illinois Shoe Retailers Association, which met in convention at Chicago. This country is facing a leather famine.

Embargoes placed by the Ailes against cattle shipments are gradually increasing the price of leather until it will be a luxury to wear a pair of shoes, one delegate said. "Shoes will be \$10 a pair, and only millionaires will be able to afford high-legged boots."

"Uncle Sam doesn't do something to relieve the situation, America will not only become a wooden shoe nation, but

STARTLING INCREASE in reported cases of primary and secondary syphilis in the United States, 1966 (compared to 1965) (right). The left of the chart (1956) reflects a level of 22,000 cases. This number dropped to 6400 in 1956 but has been advancing sharply ever since, reaching 22,300 cases in 1965, 22,900 in 1964 and 23,338 last year.

Modern technology could have done a lot to ease the course of history. For instance, if Paul Revere had made his famous ride on a power scooter, he could have routed the countryside without stopping to knock on doors.

Half the world doesn't know how the other half can afford it.

## School Board to Determine Choice of Insurance Plan

The Granite City school board has abandoned a plan to let certificated employees of the school system ballot on their choice of one of two proposed hospitalization programs.

Instead, the board will make its own decision in the matter.

The change of plan developed in Monday night's school board meeting. The Granite City local of the American Teachers Federation—representing about 85 teachers—protested that only members of the union should be given the right to vote on the selection.

School Superintendent Russell D. Johnson said that he had met with officers of the union and was informed of the union's attitude. Questionnaires previously were sent to about 600 certificated employees asking them to designate their choice between Blue Cross and Prudential Hospitalization programs.

Harry Lane, a mathematics teacher at the high school and president of the AFT Local 743, appeared at the board meeting and told the board that the union would consider it a "breach of contract" if the vote of non-union members was counted along with that of union members to reach a decision on which hospitalization program will be put into effect.

Would Violate Contract  
"We don't say that you can't let other employees choose between the union vote on the matter," Lane said. "That is your prerogative. But if you included the vote of non-union employees along with that of union members we would consider it a breach of our contract."

John Mullin, a block teacher at Central Junior high school and a member of the union who accompanied Lane, said that it could be highly possible that a majority of the union vote in favor of one program could be offset by the balloting of non-union employees in favor of the other program.

Monroe Worthen, president of the board, told issue with the affair was so well organized that

## Duck's Friend-Spectrophotometer

(American Chemical Society)  
A duck's best friend may turn out to be the atomic absorption spectrophotometer, Dr. Vytautas A. Adomaitis of the Northern Prairie Wildlife Research Center, Jamestown, N. D., suggested at the Great Lakes Regional Meeting of the American Chemical Society.

Some species of migratory waterfowl are close to extinction because of the deterioration and loss of breeding habitats, he reported.

The atomic absorption spectrophotometer, an instrument which measures the characteristic energy patterns of atoms agitated by light waves, is being used to identify the chemical components in the waters, soils, vegetation and animal tissue in duck habitats.

Chemists hope that the data obtained will help to control the chemical environment vital to the survival of ducks.

To the Editor:

Hats off to the JC's and their wives. The people of Granite City should be very proud of this group.

I was very reluctant to accept the position as head judge in the State Sports Jamboree; mainly, because I felt that we did not have the track facilities, but as time went on, seeing the tremendous cooperation of all concerned, there was no doubt that the Jamboree would be a success.

When I say "all concerned," it means that any person, group or organization that helped in any way deserves credit. It was a very pleasant surprise to find that there were so many helpers that I tried to name them, I know I could not name them all, but I recall anyone that refused to help—cooperation deluxe.

McDonald, of 1322 Clark avenue, are on station in the South China Sea aboard the U. S. Seventh Fleet attack aircraft carrier USS Constellation.

Operating off the shores of Vietnam, Constellation's aircraft daily strike selected military targets in support of U. S. and Vietnamese forces. During the Constellation's first month in Vietnamese waters, her aircraft have downed a North Vietnamese "MiG-17" fighter, destroyed or damaged more than 600 structures, 47 bunkers, 32 railroad cars, 21 vehicles, five PT boats, and three missile sites.

In the first nine days off Vietnam, Constellation aircraft participated in raids on petroleum storage areas, went to the aid of U. S. destroyers in the Gulf of Tonkin and sunk or damaged 117 water vehicles.

## Horse Show Will Feature Barrel Races

Granite City Rotary Club's sixth annual All Western Horse Show, with barrel and flag races, is a little more than two weeks away with a 1 p.m. starting time on Sunday, Aug. 28. It will be held at the Tri-City Speedway, four miles north of Granite City on Route 203 at Mitchell.

All proceeds, including concessions, ticket sales and donations, will be used by the club to purchase an electroencephalograph (brain wave machine) for St. Elizabeth Hospital. The EEG, as it is often called, gives accurate pictures of any brain disease or damage.

Edward Meng, publicity director for the equestrian exhibition, has announced that tickets are available at Graham's Book store, Niedringhaus and Delmar avenues, at St. Elizabeth Hospital's lobby, and are being sold by all members of the Rotary and Interact clubs.

## Top Stalls to be Here

Two of the many events of the day will feature riders and their precisely trained horses in the open barrel and flag races. The trainers and their mounts will arrive from the best stables in the midwest and are subject to standards set by the Ill-Mo. Horse Show Association, Inc., and the Mississippi Valley Horse Show and Racing Association.

Regulations set by the two associations for the above two events have been furnished by Meng, who has done much research in the past few weeks on the background and history of the entries and contests in which they are to compete.

Open Barrel Race—This is a timed event which can be run with both men's and women's sections. Equipment needed includes three barrels and two wands. Distance between barrels will be at the discretion of the show committee.

Barrels are to be placed in a triangle pattern with the first barrel to the right at a 45 degree angle from the third barrel. The second barrel is to be placed at a 45 degree angle to the left of the third.

The picture of these three

**BARREL RACE** contestant makes a sharp turn on barrel no. two. The object of the race is to circle three specially angled barrels, separated by distance determined by the horse show committee, in the fastest time possible.

props should resemble somewhat of a three-leaf clover, since the second barrel is also directly opposite the first.

First and second barrels are to be from 60 to 90 feet from the third, as a 30-foot starting line is marked by two wands 20 feet apart. The riders will start at the center of this line and attempt to circle the three barrels with the quickest time possible.

## Penalty Regulations

A two-second penalty will be added for each barrel knocked down. In the event that hands touch barrels, a two-second penalty will be imposed.

**Flag Race**—This is also a timed event in which a bucket of sand will be placed on a barrel from the starting line against the fence of the arena and a second bucket of sand will be placed on a barrel on the opposite side of

the arena 20 feet from the finish line.

Two wands will be placed at the far end of the arena 30 feet out from the end fence and 25 feet from each side fence to be circled on the outside by the rider.

Contestants must grasp a flag from the bucket of sand on barrel no. one, circle the wands at the far end of the arena, and place the flag in sand bucket no. two on the opposite barrel.

Riders must be on their horses when picking up or depositing the flag. If they miss it, or if they must ride back for it, or if they drop it, they may dismount, pick up the flag and continue on course.

A two-second penalty will be incurred for knocking down each wand, and horses circling inside the wands will be disqualified.

## IRS Issues Stern Warning On 'Pools,' Punchboards

Jay G. Philpott, Internal Revenue District director for central and southern Illinois, today issued a special caution to retailers, particularly operators of neighborhood bars and taverns, that they may be subject to Federal wagering taxes.

To attract customers, in some areas it is a common practice to maintain trade stimulators which involve gambling. These trade stimulators are in all forms, but generally included are such items as "100 square boards," baseball pools, punchboards and similar types of lottery.

Normally, the retailer retains a portion of the amounts wagered, however, this is not a criterion in determining whether or not taxes are due. The mere fact that the retailer allows such an operation on his premises makes

3000 Myrtle, TR 6-2626  
24-HOUR SERVICE

him liable for the wagering tax.

Philpott said that his ten-year-old ruling had been enforced from time to time whenever his agents became aware of retailers using these trade stimulators. In recent months these have been increasing in popularity in this area.

The operator of such a pool or lottery is liable for the wagering excise tax, computed at 10% of the gross amount of the chances sold, and for the \$50 "annual occupation tax." The \$50 liability is also incurred by each clerk or other person who receives wages in the pool or lottery for or on behalf of the operator.

## Pvt. Benjamin McMillan Begins Combat Training

Pvt. Benjamin A. McMillan Jr., son of Mr. and Mrs. Benjamin A. McMillan sr. of 2912 Willow avenue, recently was graduated from eight weeks of training at the Marine Corps Recruit Depot in San Diego, Calif.

Under the supervision of veteran noncommissioned officer drill instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

## Proclamation

### FOR NAVY MOTHERS DAY

WHEREAS, the Navy Mothers Clubs of America are composed of mothers whose sons and daughters served honorably in the United States Navy, United States Marine Corps; and the United States Coast Guard; and

WHEREAS, many of their sons and daughters died in the defense of their Country during the World Wars and the Korean Conflict; and

WHEREAS, the purpose of this organization is charitable and educational; and

WHEREAS, they promote a friendly and sympathetic and social relationship among the parents of Navy men and women; and

WHEREAS, they collect and disseminate information relating to the manner of living and environment of its personnel; and

WHEREAS, they cultivate a respectful and cordial attitude of civilians toward men in the Naval service; and

WHEREAS, they work untiringly and unselfishly in the Naval and Veterans Hospitals throughout the country; and

WHEREAS, they provide the Servicemen's Center in Philadelphia, Pa., and the Blue Jackets Haven in Oakland, Calif.; and

WHEREAS, the National Commander, Mrs. Joseph B. Wrenn of New Orleans, La., has set aside August 14th as Annual Navy Mothers' Day, when Navy Mothers will visit Naval installations, Naval hospitals and Veterans hospitals all over the United States and entertain enlisted

men and women and their families.

NOW, THEREFORE WE, the mayors of the municipalities of Granite City, Madison, Venice and Pontoon Beach do hereby proclaim August 12, 1966 to be NAVY MOTHERS DAY in the Quad-Cities and ask all citizens to pay respect and honor to those mothers who have sacrificed so much.

DONALD PARTNEY,  
Mayor, Granite City.

STEPHEN A. MAERAS,  
Mayor, Madison.

DR. JOHN E. LEE,  
Mayor, Venice.

THOMAS STAIKOFF,  
Mayor, Pontoon Beach.

## Two Radar Arrests

James E. Smith, 2104 Elm avenue, and Dennis R. Terry, 2408 Wilson avenue, were arrested on speeding charges at about 4 p.m. Monday at 29th street and Madison avenue where police operated a radar unit. They were summoned for hearings by Aug. 23.

**Vandals Damage Home** through a storm window, flat-topped Mrs. Coraline Flower, 2408 Terminal avenue, reported Monday that while she was on a forced a tree trunk through a picnic Sunday, vandals damaged trellis, ripped a sign off the door her home. They threw a rock and left the gates open. There of damage.

## Foil the bad guys

## with NITE-LITE

It was easy to identify the bad guys in the old movies: they wore black hats—and they liked darkness. Today their costumes are different but... they still like darkness.

One sure way to discourage unwanted prowlers on your property is with an automatic Nite-Lite. Your powerful outdoor Nite-Lite turns itself on at dusk and off at dawn, automatically.

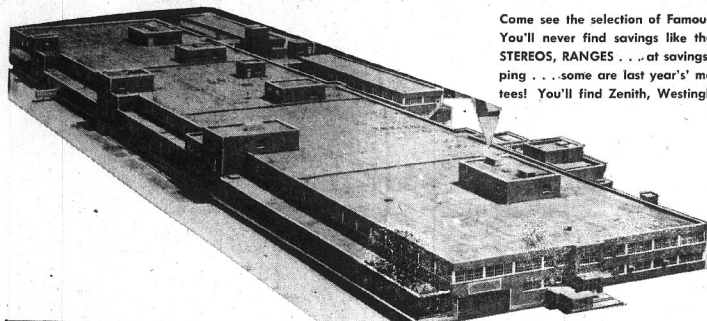

There's nothing to buy. Illinois Power installs the light, furnishes all the electricity it uses and maintains it... for one flat monthly charge.

You'll appreciate the peace of mind of automatic Nite-Lite protection, and its convenience for after-dark chores and recreation.

Ask at Illinois Power about Nite-Lite service... plenty of light for just pennies a night!

## Two GC Students Pledge U. of I. Fraternities

Two Granite City students have pledged fraternities at the University of Illinois following participation in a formal rush program. They are Jeffrey B. Parnley, 2728 Grand avenue, who pledged Phi Sigma Kappa, and Michael J. Sizemore, 2509 State street, who pledged Pi Kappa Phi.

## Bridge, Railway

The group visited Royal Gorge State Park at Canon City, Colo., where the girls were fascinated by the highest suspension bridge in the world and the world's steepest incline railway to the bottom of the gorge.

The next stop was the Hamp Hut of the Wagon Wheel Girl Scout Council of Colorado Springs, Colo. The camp is situated in the Garden of the Gods. Two nights were spent at this camp.

There was a full day of sightseeing including a tour of the Garden of the Gods, the Miracle House at Manitou Springs and North Pole, Colo., the home of Santa's Workshop. The troop traveled by cog railway to the summit of Pike's Peak for sightseeing and picture taking.

## Hit Street Swam

The return trip down the mountain by bus was highlighted by a sleet storm, a real novelty to Granite City girls in August.

## Madison Soldier Starts Advanced Training

Pvt. Lawrence F. Ashley, 1737 Third street, Madison, recently completed eight weeks of basic training at Fort Leonard Wood, Mo., and will now undergo eight weeks of specialized A. I. T. training designated by his National Guard unit at Fort Leonard Wood.

He enlisted in the Missouri National Guard in January. He is a graduate of Madison high school and has a bachelor's degree from Southern Illinois University-Southwestern Campus.

The troop members with their advisors and their husbands, traveling in two station wagons, left Granite City early Saturday morning, July 30. The first night's stop was at Girl Scout Camp Selloose in Wichita, Kans.

On the first Sunday morning the troop attended church in Kingman, Kans., where they received a hearty welcome from the congregation. Sunday night was a luxurious motel stop for the girls in Pueblo, Colo.

Visits were made to the Dwight D. Eisenhower Center which is composed of the Eisenhower Library, Museum and the family home at Abilene, Kans.

Extensive collections of materials relating to President Eisenhower and his family are on display. And that evening there was a final motel stop in Lenexa, Kans.

Members of Troop 110 are Elizabeth McDonald, daughter of Mr. and Mrs. Raymond McDonald, 2006 Marshall avenue; Janice Hinkley, daughter of Mr. and Mrs. Maurice Hinkley, 2129 Delmar avenue; Norma Throne, daughter of Mr. and Mrs. Thomas Throne, 2313 Fehling road; Pam Swan, daughter of Mr. and Mrs. Forrest Swan, 2729 Westchester drive.

Cathy Yaeger, daughter of Mr. and Mrs. Robert Yaeger, 3028 Edgewood drive; Carolyn Votaw, daughter of Mr. and Mrs. Edgar Votaw, 2705 Angela drive; Vicki Yeater, daughter of Mr. and Mrs. Glen Yeater, 2520 State street; Cathy Zenk, daughter of Mr. and Mrs. Edward Zenk, 3226 Wabash avenue; Cheryl Landis, daughter of Mr. and Mrs. Charles Landis, 3023 Dale avenue.

Alla Bollinger, daughter of Mr. and Mrs. Bill Bollinger, 300 Willow avenue; Peggy West, daughter of Mrs. Marie West, 3065 National avenue; Roberta Marcus, daughter of Mr. and Mrs. Archie Beaty, 2804 Forest avenue; and Lois Kueker, daughter of Mr. and Mrs. Arnold Kueker, 2165 Manley avenue.

Senior advisors of the troop and their husbands are Mr. and Mrs. B. E. Bollinger, 3000 Willow avenue, and Mr. and Mrs. Leo Schank, 626 Broadway, Venice.

That evening they attended a chuck wagon dinner and entertainment sponsored by the Colorado Springs Junior Chamber of Commerce where they met a troop of teen-age Boy Scouts from Virginia.

Wednesday began with a lengthy tour of the U. S. Air Force Academy near Colorado Springs and lunch in the cafeteria there. The next stop was Denver and a tour of the Denver Mint where between 12 and 15 million coins are made daily.

That night was spent at the YMCA Conference Camp in Estes Park and the girls enjoyed swimming, bowling and archery there during the evening.

The following day included horseback riding, shopping and a ride on an aerial tramway in Estes Park. That night was spent at the Taos Lodge, Taos, Kans., property of the Sunflower Girl Scout Council.

## Graduate Enrollment Center Opens Sept. 12

About 500 students are expected to enroll in the St. Louis Graduate Enrollment Center during fall registration Sept. 12.

This figure, which represents participants from about 37 St. Louis companies, is a 25% increase over the enrollment last fall.

Any person who holds a bachelor's degree or its equivalent and who wishes to enroll as a graduate student at the center must submit a request for admission to the registrar of the University of Missouri at Rolla. Fall classes at the center will be held from 7 to 9:30 p.m., beginning Sept. 12 in the old high school just off Delmar, 737 Kingsland avenue, University City.

Approved by the SIU board of trustees meeting recently at the new campus, the title changes are part of the university's continuing efforts to clarify positions and responsibilities under the administrative reorganization and one-university concept with uniform operation of several campuses.

Named assistant deans were Clellie Oursler, who has been executive assistant for the general studies program; Thomas Evans, former assistant director of student affairs; and E. R. Cassette, former supervisor of the technical and adult education program.

## Motorbike Ban Announced On Campus at Carbondale

Letters from Vice-President Ralph Ruffner were being mailed this week to more than 25,000 Southern Illinois University students, explaining that regulations long in effect regarding automobiles now will be applied to some 2600 students who have motorcycles.

Dr. Ruffner, vice-president for student and area services, said enforcement of the regulation will be effected gradually rather than suddenly because of a sense of responsibility on the part of administrators in not having fully applied the regulation sooner to all motor vehicles.

Concurring in the action being taken, President Delyte W. Morris said that the policy of gradual enforcement is being adopted out of sympathy for the more than 2600 students who already have invested in motorcycles and who have made housing arrangements that would permit use of the vehicles.

In general, regulations adopted in 1956 state that no undergraduates may operate motor vehicles except those who live more than two miles from the campus. It allows for specific considerations regarding exemptions but makes no allowances for types of vehicles.

To further control campus traffic, special parking areas designated in 1956 state that no undergraduates may operate motor vehicles except those who live more than two miles from the campus. It allows for specific considerations regarding exemptions but makes no allowances for types of vehicles.

To care for increased transportation needs, the university is instituting for the beginning of the fall term a "frequent and well-routed bus service." If necessary, additional means of transportation will be established.

The Ruffner letter concludes: "While it is the policy of the University to permit motor vehicle accidents, the seriousness of injuries, a multiplicity of traffic and parking problems and 'subsequent difficulties' apparent to the University community at the city of Carbondale."

"In the light of these factors," Ruffner pointed out, "we must stress the safety and welfare of all the students at the university, an atmosphere being permitted under the gradual enforcement policy will be continued through 1966-67 unless there is need to shorten the period because of studies which are to be undertaken. Violation of state law or

university regulations will result in withdrawal of operating privileges."

Letters sent to Students

In the letter being sent to students enrolled in the spring and summer quarters and to new students who have registered for the fall quarter, Vice-President Ruffner made these specific points:

All freshmen and other students entering SIU this fall for the first time will come immediately under existing motor vehicle regulations.

All students who were enrolled for the spring or summer quarters and who own motor vehicles licensed prior to Aug. 8 will be allowed to use such vehicles during the current academic year subject to "proper use."

All other students will not be permitted to use motorcycles at the university without specific approval.

**COACHMEN ROCK AND ROLL BAND** performing funny antics, while going through one of their acts. The band, formed a year ago, has had a busy summer. In the group are, left to right, Jerry Rock on the guitar, Gary Hudson on the bass guitar, Danny Isom on the drums, Rich Hodshire on the organ and Dennis Kilmer on the floor.

## Experiments on Trees Conducted at SIU

There's a knee-high tree growing near Little Grassy Lake which, genetically speaking, is equivalent to a successful cross between a coyote and a Boston terrier.

Standing next to it, and about as high as a six-footer's head, is a birch tree that is rarely found outside of central China.

These are but two of hundreds of trees that one day will make up a 200-acre arboretum inside Southern Illinois University's budding experimental forest.

George Richman, superintendent of the forest, hopes eventually to establish the official tree of all 50 states within the arboretum.

But that is some distance into the future. Right now, Richman and a corps of student workers, many of them SIU football players, are sweating over a nursery which will provide the basic stock for the arboretum and two other school facilities.

The forest is open to youths from 14 through 21 years of age by next Jan. 15. Contestants should submit their entry in essay form, not to exceed 500 words. The closing date for the club's contest is Dec. 10.

Judging will fall into four categories: 75% of the essay's points will be devoted to content, 10% to organization, 10% to style and 5% to mechanics, Schermer said. Three judges will be appointed to evaluate the entries submitted to the Madison club.

Winning entries will advance from the local, to district, to state or county levels. Each that was hit hard, though, was a Fraser fir, natives of the high Appalachians.

Despite a prolonged mid-July heat wave, most of the young strangers fared well. A pond at the site provides water for an irrigation system. One species that was hit hard, though, was a Fraser fir, natives of the high Appalachians.

At Leighton Hall, Wales, its parents are identified as a yellow cypress and a Monterey cypress, an unlikely combination. The tree does not produce fertile seed, so the hybrid has been kept in business by transplants of cuttings.

Trees from Japan, China, New Zealand, Europe and every part of the U. S., including Hawaii, are either represented in seed lots, seedling beds or the nursery itself. Most of the nursery acreage is devoted to planting for reforestation—approximately 24,000, three-fourths of them hardwoods.

74-H Club Members To Attend State Fair

Gail Furbush of Granite City will be one of 18 girls from Madison county 4-H clubs to participate in the State Fair next Monday through Wednesday at Springfield.

A foods delegate, she will repeat her demonstration on "piccolo pizzas." Mrs. Robert Brave is accompanying the group.

## Coachmen, Rock and Roll Band, Spend Busy Summer

The Coachmen, Granite City rock and roll band, have had a full summer of music and are looking for bigger things to come.

The five young men, who have become one of the leading bands in the area, have been playing together only a year.

They first started playing for teen town dances at the YMCA where they still play twice a week and have played at other locations.

Y's, at the Collinsville Teepee, Live Land and the Coliseum in blend and are now playing at Collinsville park.

They also have played with the Liverpool Five.

In the band are Dennis Kilmer, Rich Hodshire, Gary Hudson, Danny Isom and Jerry Rock.

The entire junior department, boys, girls, 4-H, FFA, FHA and every junior entry will be given special attention.

They collected about \$10 through games as ring the bottle here, a dart-balloon game, a fish pond and lemonade and popcorn stands. Children spent the weekend making the stands, looking for something to do during long summer days. A hospital benefit seemed like a good idea.

## Combos, Soloists Set to Entertain at Illinois Fair

Youthful Quad-City entertainers will perform during talent shows at the Illinois State Fair beginning Friday at Springfield.

Serving as master of ceremonies for the state show during the week will be Mrs. Mary Joyce of Granite City who served in a similar capacity at the previous local talent show. She will introduce a queen and Gov. Kerner at one of his appearances.

The scabblers, winners of the Granite City talent event, will compete for trophy award honors Friday. The governor will award the trophy Friday night.

Members of the combo are Ken Hunter, Linda Sabo, Vicki Couch, Jerry Vaughn and Curt Mathis. Following their performances, they are to cut their first record which should hit the stands in the fall or early winter.

Scheduled for Monday is a puppet show by the Korzets, composed of Richard and Janita Kozikowski, Granite City puppeteers.

Others to entertain are Chuck Payne and the Country Misfits, playing country and western music; the Jamesmen, formerly the Creepers, a variety combo; Connie May Majkut of Madison, popular vocalist; and Bob Douglas, a baritone.

## Prof. George Wilkins Moving Back to GC

George T. Wilkins, a former state superintendent of public instruction and Madison county superintendent of schools, has purchased the home of Attorney Gilbert Roach at 2611 Cleveland blvd., and plans to move back into the Quad-City area in September.

A former resident of Madison and Granite City, Wilkins now holds an assistant professorship in the Education Division at Southern Illinois University, Southwestern Campus. Recently, he also was named the assistant director of the Communications Media Services Division at SIU.

For the past several years, Mr. and Mrs. Wilkins have resided on Montclair avenue, Edwardsville. Their son, Dr. George T. Wilkins, also lives along 27th street around the corner from his parents' new home.

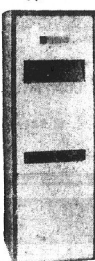

Atty. and Mrs. Roach will take up residence at 26 Oakdown avenue, presently owned by Mrs. August Rath. The latter may lease an apartment in Harvey Place when all transactions are completed.

The sale of the Roach house to Mr. and Mrs. Wilkins was handled by J. C. Cochrane of the Cochrane Real Estate Agency.

### Grant Sales Hit Peak

Mevin L. Gillie, manager of the W. T. Grant Co. store at Nameoki Village shopping center, announced Tuesday that company sales for the month ending July 31 increased 4.6% over July sales in 1965. This increase of \$2,984,288 marks the 16th consecutive month in which a sales record was set by the 110 store nationally merchandising company.

The Madison County Farm Bureau women's committee will sponsor a driver improvement program from 12:30 to 4:30 p.m. Aug. 23 and 24 at the Farm Bureau building in Edwardsville.

Designed by the National Safety Council, it consists of eight hours of classroom-type instruction designed to assist adult licensed drivers in the prevention of motor vehicle accidents and the practice of defensive driving.

The course is open to any adult licensed driver in the county. Additional information may be obtained by contacting the Farm Bureau office.

## Service, Supply Contracts Let by GC Board

Fifteen contracts for furnishing food, supplies and services to the Granite City school system were awarded by the school board Monday night.

All were based on low bids or instances where bids were identical, divided among the bidding firms. The contracts were awarded for the 1966-67 school year.

A contract for furnishing canned goods for school cafeterias was divided among 11 vendors in varying amounts totaling \$30,661.

Gus Bode of Edwardsville was granted a service contract for tuning pianos at a bid price of \$7 each. Baldwin Piano Co. bid \$12 on each tuning. The district requires about 30 tunings at the beginning of the school year and about 15 to 20 tunings thereafter.

A bid of \$247 by Geiger Printing Co. for furnishing purchase order forms and a bid of \$87 by American Press Co. for furnishing enrollment and physical examination forms were accepted.

### Successful Bidder

Low bid for furnishing potato chips and related items was submitted by Best Wholesale Co.

Two other firms submitted bids, all quoting prices per dozen bags.

Lombardo Fruit & Produce Co. was awarded the contract for furnishing frozen french-fried potatoes at a price of 12.4 cents per pound. Sea Pass Corp. bid 15 cents on the item.

Butler Paper Co. with a price of \$382 and Switzer's Inc., with a bid of \$102, were authorized to bid on furnishing paper supplies for the high school cafeteria.

Four firms supplying only bid for cleaning football lights, with an offer of \$175 for each light, plus \$6.50 for each 1500-watt, 230-volt lamp replaced.

### Second Bid Rejected

Contract also was awarded to Sidner Supply Co. as the only bidder on furnishing pipe and fittings. A second bid was received 35 minutes after the bidding deadline, but it was unopened and will be returned.

National Disposal Co. was low.

This year one cent on milk half bidder for disposal of garbage and trash. National Disposal bid a price of \$38 monthly for pickup at Mitchell, Stallings and Maryville schools. The only other bidder was Clarence Dostdader at \$46 per month.

Van Sickle Co. was successful bidder on supplying a student recovery couch at a price of \$120. Other bids were \$157 by Admiral Hospital Supply Co. and \$136 by School Health Supply Co. on identical merchandise.

### Hardware Contract

Contract for providing hardware supplies went to Rubelmann Lucas and George A. Rubelmann on a long list of various supplies. Purchases of specific items are to be made from the firm offering lowest price.

The board decided to return two bids on furnishing plumbing supplies because one offer was received after the bidding deadline at 3:30 p.m. Aug. 1. Neither bid was opened. New bids will be sought.

Economy Floor Center was awarded the contract for furnishing floor and ceiling tile in three categories and Hokekamp Lumbar Co. was given the contract for furnishing asphalt tile cement and cover base cement.

The board decided to return two bids for furnishing asphalt and vinyl tiles, cover base and acoustical tile.

Paul Seebold Co. was awarded the contract for furnishing sand, limestone and cement on the basis of low bids. The same firm was awarded the contract for furnishing concrete. Stolz Lumbar Co. was successful low bidder on furnishing sewer tile.

R. Dron Electrical Co. was the only bidder for cleaning football lights, with an offer of \$175 for each light, plus \$6.50 for each 1500-watt, 230-volt lamp replaced.

Second Bid Rejected  
Contract also was awarded to Sidner Supply Co. as the only bidder on furnishing pipe and fittings. A second bid was received 35 minutes after the bidding deadline, but it was unopened and will be returned.

National Disposal Co. was low.

### Other work approved includes

a new driveway along Madison Avenue at the high school, extending from the gymnasium, at a cost of about \$100, and a new walkway at Coolidge junior high school to connect with Jill Avenue. The latter item will cost about \$1000 and will require bid.

National Disposal Co. was low.

## 1966 State Fair Begins Tomorrow in Springfield

Fair time is here again as the annual Illinois State Fair begins tomorrow and runs through Sunday, Aug. 21. Free entertainment and fireworks will be featured every night at the fairgrounds in Springfield.

A special farm-rama exposition including every major manufacturer of farm machinery will be set up throughout the giant midway, while a "young America fair" displays special activities for young people.

State fair entertainment will be the "best ever" with such professional stars as Red Skelton, Robert Goulet, Carol Lawrence, Jimmy Dean, Jack Jones, Homer and Jethro, the Beach Boys, George Kirby, Linda Bennett and other added attractions. Tickets are on sale now for Saturday evening's performance of the "Grand Ole Opry," starring Ray Price, Connie Smith, Porter Wagner and the Gang.

Bulldogging, calf roping and many other rodeo events take place this Saturday and Sunday during the presentation of the Championship RCA Rodeo. Tickets are on sale at the performance site. Shows will be at 2 and 8 p.m. both days.

Next Saturday and Sunday, Aug. 20 and 21, a complete new show, the "Country Western Special," will have performances at 1:30 and 7:30 p.m. Included in an all-star cast are Ernest Tibbs, Loreta Lynn and Pee Wee King.

In addition to these programs, there also will be races of stock cars, motorcycles, autos and quarter horse and harness racing contests. Western and light horse shows are among the more than 20,000 free exhibits.

**Sidewalk Snow Melter Is First in Quad Cities**

Difficult to envision in the current warm weather is the need for electric snow melting equipment installed throughout the downtown showrooms and business office at Niedringhaus and Delmar avenues.

It is the first commercial installation of such equipment in the area. Miss Dorothy Davis, a representative of the power company, said that a number of similar units, smaller in size, have been in use at private residences. She added that business firms can benefit from installation of comparable units which would eliminate snow clearance near their establishments, or the need to spread salt that causes pavement deterioration in icy weather.

Designed in a series of 18-inch by ten-foot long mats, the equipment is geared to melt the snow as it falls. The mats, embedded in concrete about 1 1/2 inches to two inches below the surface, are powered by 40 watts per square foot on 208 voltage in the downtown area and 60-watts and 240 voltage in residential districts.

Units cost approximately \$1-\$1.50 per square foot to install and operating costs are minimal. Miss Davis said. Any reputable contractor can provide the service, the company representative added, or further information may be obtained at the Illinois Power office.

## Rotarians See Movie On Army Supply System

A film on the Army Materiel Command supply system, was shown to 40 members of the Granite City Rotary Club Tuesday afternoon by Lt. Col. George B. Thomson, acting commander of the Granite City Army Depot. The luncheon meeting was held at the YMCA.

William Thoele, club president, was in charge of the business meeting, during which members voted to send a letter of congratulations to the Granite City Jaycees for their work in the success of a state Junior Sports Jamboree held here last weekend.

Club members bid farewell to William Hoedebecke, immediate past president of the club, who is leaving Friday with his family to live at Ft. Lauderdale, Fla. He is being transferred there by Metropolitan Life Insurance Co. Members of the club also continued planning for the forthcoming horse show to be held Aug. 28 at the Tri-City Speedway. The benefit show is being geared to raise \$6000 to buy electronic brain wave equipment for St. Elizabeth Hospital.

**Outdoor Choral Concert Set Sunday at SIU-SW**

The summer chorus of Southern Illinois University-Southwestern Campus will present an outdoor concert at 7 p.m. Sunday in the courtyard of the Peck classroom building. It is open to the public without charge.

The 60-voice chorus is composed mostly of non-music majors with limited formal training. No auditions are required, and the main qualification for membership is a genuine fondness for performing choral music. One academic quarter hour of university credit is awarded for the summer session.

**10,000TH BARREL** of beer sold by Jacobsmeyer's Tavern, in an eight-year period, resulted in the presentation of a plaque by a brewery. Left to right—Richard Kacera of the Kacera Distributing Co.; Vergil Redin, assistant manager of the tavern; Lloyd J. Hughes, Schlitz district manager; Oliver Jacobsmeyer, owner; and Fred Rock, assistant manager.

**Tavern Gets Plaque For 10,000th Barrel**

Nearly two and a half million glasses of beer sold within an eight-year period at Granite City neighborhood tavern drew recognition Monday from a brewery. Awarded the first plaque of its kind was Jacobsmeyer's Tavern, 2401 Edwards street, which sold its 10,000th barrel of draught beer.

Presently owned by Oliver and Thelma Jacobsmeyer, who purchased the business in 1963 after an eight-year absence, the tavern earlier was owned by Jacobsmeyer's parents who opened the venture in 1954.

Now operated by ten employees, and the owner, Jacobsmeyer's sponsors several bowling teams, a softball team and contributes to the boy's basketball programs.

Jacobsmeyer said the 10,000 barrels, each holding 31 gallons, would extend four miles if placed end-to-end. The award denotes the local tavern as the largest seller of draught beer in Illinois and one of the biggest dispensers of Schlitz beer in the mid-west, where he was pronounced dead.

Besides his wife, Laura, and son, Stanley, he is survived by two daughters, Mrs. Francis (Hester) Smith of Seattle, Wash. and Miss Fern Young of Greenville, S. C.

Funeral arrangements are given in today's obituary column.

## Ebey Young, 75, Dies On Vacation in Kansas

Ebey Young, 75, of Greenville, Ill., died Monday evening after suffering a heart attack while driving his auto enroute to Colorado. He was the father of Stanley Young, 1704 Garfield avenue, quality control manager at A. O. Smith Corp.

Mr. Young, a retired farmer, also was associated for many years with the Federal Land Bank Agency. He had been under a physician's care for a heart condition for several years, but in apparent good health when he had started the vacation trip.

Further tragedy was averted when Mrs. Young and another member of the family were able to stop the vehicle after Mr. Young was stricken. The incident occurred on a crowded interstate highway. Mr. Young was taken to a Russell, Kan., hospital, where he was pronounced dead.

Besides his wife, Laura, and son, Stanley, he is survived by two daughters, Mrs. Francis (Hester) Smith of Seattle, Wash. and Miss Fern Young of Greenville, S. C.

Funeral arrangements are given in today's obituary column.

## Firefighting Technique Shown at Amer. Steel

The American Steel Foundries' fire and safety departments sponsored two firefighting training sessions and equipment demonstrations Tuesday afternoon for the plant's general foremen and works manager. It was conducted by David Forsyth, a representative of Ansh Chemicals and Safety Inc., St. Louis.

Several dry chemical agents and tanks of carbon dioxide were used in the demonstrations, as heads of various departments—machinists, electricians, pipefitters—were able to test the new techniques.

City Fire Chief Earl Frona-barger and several members of the Granite City fire department also was present and demonstrated a new "fog nozzle" which puts out fires by saturating the flames instead of sending in one stream of water at certain points.

Company Fire Chief Gerald Rider and Safety Director McLin Brown said that "fire extinguishing equipment is worthless unless used with some sort of know-how." Therefore, the demonstration featured several fires in an enclosed gasoline pit which the more than 30 "students" could individually extinguish.

## Crank Call Crackdown Now Showing Results

A crackdown on anonymous telephone calls that annoy and frequently terrify customers which was recently initiated by Southwestern Bell Telephone Co. already shows signs of helping to reduce the number of crank calls, company officials report.

Quad-City telephone customers who receive such calls may obtain a special booklet describing the program at the Granite City office, 2107 Edison avenue.

The knowledge that techniques for line identification are available, coupled with the realization that Southwestern Bell can and will aid in identifying crank callers, is beginning to have some effect, the officials say. Line identification is the method through which the company can determine the telephone line from which annoying or harassing calls originate.

As more arrests and convictions are obtained and publicized involving crank callers, Southwestern Bell officials believe the annoyance call problem will continue to diminish. Those placing such calls will become aware that they can and will be exposed, they added.

## School Vandals will be Prosecuted When Caught

Vandalism at Granite City public school buildings has been worse this year than at any other time, Supt. Russell D. Johnson informed the school board Monday night. Board members announced that anyone caught damaging school property would be prosecuted.

Although he cited no specific figures, Johnson said that windows have been broken out of many schools during the summer and that several schools have been broken into, several on more than one occasion.

"I think the parents might well be made aware of the cost of such destructive activities and that these costs are all paid from tax funds," Johnson said.

"In other words, they pay for these losses. Perhaps a little more parental concern about the activities and the whereabouts of

## Local Woman Will Not Need Inoculations

Despite the lack of response to an appeal for the owner of a gray and black Chihuahua to contact her after the animal licked her left ankle where later a rash erupted, Mrs. Charles Libby, 1628 Venice avenue, said this week her physician had advised her to forego the anti-rabies shots, initially thought to be necessary.

Mrs. Libby reported that the rash has almost clear-up completely. Several sores appeared on the local woman's leg shortly after the small dog, escorted on a leash by a young boy, licked her leg in an East St. Louis store.

The board concurred in a proposal to prosecute anyone caught damaging school property.

## Army Pvt. Richard Ely Completes NCO Course

Army Pvt. Rich H. Ely, 21, whose wife, Shirley Jean, lives on Route one, Grafton, recently completed a leadership preparation course at the Noncommissioned Officer Academy in Fort Polk, La.

Pvt. Ely, who entered the Army for basic training at Fort Leonard Wood, Mo. in May, received two weeks of intensive training in leadership, map and compass reading, weapons and drill. This prepared him for assuming a junior position of leadership in advanced infantry training.

## One Year Younger

Fred Kudelka Jr., 2549 East 27th street, who suffered a leg fracture last Saturday when his motorcycle was struck by an auto in Madison, is 26 years old instead of 27, the Press-Record was informed by the family.

He is a 1966 graduate of Granite City high school, and his parents, Mr. and Mrs. Harold R. Ely, live on Rural Route One.

# Home notes

By Mrs. Catherine R. Mauck  
Madison County Home Adviser

It's easy to make, even easier yet to wash.

Just when it seems there are no more really different and ingenious ideas for home decorating, along comes something bright as a new penny — using plastic webbing, best known for its use on garden chairs, to make window curtains.

Vertical strips of white plastic webbing make a distinctive window treatment for a boy's bedroom, den, family room, basement recreation room, or any room in a summer cottage — in short, anywhere that an informal motif is desired.

Plastic webbing—available by the yard in a choice of colors — is simple for even an inexperienced seamstress to work with, because little actual sewing is involved.

Here's how it's done: cut several strips of webbing the length of the window, and sew a loop of any fabric to the top and bottom edges of each strip. You will need two round cafe curtain rods for each window — one for the top and one for the bottom. Then simply insert a rod through the fabric loops at each end, leaving one-inch spaces in between the strips.

Place the rods in brackets at the top and bottom of the window and presto! You have a neat, tailored window treatment that won't be disturbed by the highest wind or stormiest weather.

In fair weather, the webbing strips allow plenty of light to come through because of their loosely woven construction and the spacing.

You don't always have to take webbing down to keep it clean, a once-over with a sponge dipped into hot soap or detergent suds will remove surface dirt right at the window. However, it should get a "real" laundering at least once a season. Swish the strips through hot suds, rinse under the faucet, shake off excess water,

wipe with a towel — and hang them back in place.

If the sunlight reveals "under par" wood furniture, some "doctoring" may be in order.

Many treatments may be administered by the amateur. However, it's best to leave deep seated marks and major repairs to a professional.

You can often give a new look to furniture that has been repeatedly polished or waxed, by applying a wood-cleaner. This will remove the old polish and wax without warping the wood. Then, apply a fresh coat of polish or wax. Just renewing the wax may only muddy the finish.

To repair simple scratches the stick scratch-removers are helpful. These are available in many paint and hardware stores. Or, for scratch removal, you can touch up the area with varnish, varnish stain or other finish. The whole surface needs refinishing if major scratches exist.

You may be able to remove white marks, caused by water or alcohol, from a wood table by using heat near its surface. An infra-red bulb, electric iron or hair dryer can supply the heat. Remember, however, that too much heat will damage the finish. Or, rub the spot with a mixture of oil of lemon and denatured alcohol, in equal parts. Rub lightly, not through, the varnish coat.

Small dents stand a good chance of removal if the wood hasn't been crushed too much. These small dents may be raised by leaving a damp cloth on them overnight. Of course, the finish may then need re-doing if damaged.

Marks caused by cigaret burns will probably need to be sanded out if not removed by furniture polish. After sanding, stick shellac can be used to restore finish. If you are handy with tools, you may be able to patch the burned area with a chip from the underside of the table.
